

Consultant's report on library disputed by builder

by Sue Cooper

A consultant's report, commissioned by Anson, Hindon and Minden council, has outlined several possible problems in the construction of the new Minden library cultural centre. But builder Ron Wrightman has refuted many of the report's statements, saying most of the recommendations could have been omitted if the consultants had spoken to him.

Although the report lists eight problems that might exist in the log building and the concrete slab, the consultant does acknowledge the building will have long-term durability.

"Consequently it is our opinion that there is nothing inherent within this structural system itself which could be expected to abnormally restrict the service life of the Minden Library and Cultural Centre," a consultant for the firm of Morrison, Hershfield, Bergess and Huggins wrote. The report, which is esti-

mated to cost between \$800 and \$1,000 was commissioned after council received an unsolicited and possibly slanderous letter regarding log buildings, Wrightman said.

Since the matter was dealt with in committee-of-the-whole, clerk Elinor Burke said she was not at liberty to disclose the events leading to the initiation of the report. And Reeve Lloyd Walker, who was on vacation for the month of April, said he was unsure of why the investigation was requested, although the report was addressed to him.

According to the report, a consultant from the firm visited the new building on April 14 "to assess the likely long-term durability of the structure".

As well as visiting the site, the consultant acquired five un-numbered, undated drawings by 1867 Confederation Log Homes (Wrightman's company) showing the floor plan, elevations and details of the superstructure, and a preliminary drawing of the

proposed concrete block structure. (Council dismissed the concrete block concept before the last election when Wrightman came forward with the log building proposal.) The consultant also received an un-numbered drawing dated September 15, 1980, "foundation and slab detail" and the application for a building permit dated October 30, 1980.

The consultant's report was read at council last Wednesday.

The report begins by dealing with leakage problems under the bottom log of the building.

"Throughout the spring, and indeed on the day of our site visit, there was significant leakage under the building so that water was lying on the floor inside. In some locations, particularly along the south wall, the leakage has been so extensive and so persistent that the bottom log is heavily water-stained," the report says.

The report suggests three possible short-comings that

might be rectified to eliminate the leakage. It states that a dam of caulking has been put in place in an attempt to stop water from penetrating between the copper flashing and the slab; the slab apparently slopes towards the interior of the building and the run-off from the roof lands on the protruding apron.

"The present condition is unacceptable and must be rectified immediately," the consultant says. He sug-

gested the leakage could cause "significant damage to the building's contents and, more significantly, there will exist in the bottom log conditions which are heavily conducive to decay".

In order to remove this problem he recommends council ensure a proper caulking dam is installed around the exterior. As well, the slab can be ground down or cut

back to the edge of the walls and new flashing installed; a concrete cant could be installed with new flashing or protective eavestroughs could also improve the situation.

Although Wrightman was not involved in the construction of the slab he does agree that caulking will help stop the leakage, but he explains that he has not been given a chance to caulk the building as he originally specified.

"As I tried to explain at the council meeting, if you came

the spring came and the way they had it graded the ground outside was higher than the building. All the water came off the roof, ran onto the ground and then ran against the building. And it was bound to happen."

Wrightman tried to caulk the building when the temperature reached a desirable level but it wasn't done properly and he says he now has the problem about 90 per cent corrected. However the municipality asked him to

(suggestions) can eliminate the leakage and the potential for decay," the report stated.

Although the report said the consultant had assumed a vapour barrier was installed between the bottom log and the cement, it suggests council seek confirmation from the builder because observations could not determine "the presence or absence" of the vapour barrier.

Wrightman said his workmen had definitely installed a 210 pound asphalt vapour barrier between the log and the cement.

"That's one thing, I couldn't understand; how he (the consultant) could miss it...the man must have been blind," Wrightman said.

Although the vapour barrier is installed properly, Wrightman said it does not stop water from leaking under the bottom log but rather stops the log from absorbing moisture from the cement pad below.

Other on-site investigations disclosed the slab was "poorly conceived" and that

the building on a masonry curb, might have eliminated the leakage.

Drawings supplied for the slab, which was built on council's authority before tenders for the library were called, are "confusing and contradictory" and therefore the consultants could only suggest what might occur if the slab were "improperly designed and constructed". The report stated the slab could crack along the building's exterior wall; it could distort the building so doors and windows would not open; the apron at the front of the building could lift and possibly lift the six by 12 inch portico beams off the bearings; condensation of the slab's upper surface could mildew the floor covering during the winter; and the building could have a cold floor and significant heat loss if it is not insulated well enough.

"To confirm or refute the likelihood of any or all of these possible occurrences we would require complete

and detailed information regarding the slab and foundation materials," the consultant said.

Also, the consultants were concerned the adjustable jack-posts had been installed at the entrance to the building instead of four inch diameter steel posts originally specified in 1867's drawings.

The consultant was concerned the jack-posts were not secured to prevent lateral movement, but Wrightman refuted that statement as well.

"Originally what they had specified was steel posts exactly the same size as what's there. On my own, I had it approved, I put the jack-posts in because as the building settles they can slowly bring that front down. We made up beautiful wooden posts to cover them," Wrightman explained.

"He (the consultant) makes comment that they're not anchored down. But they're lag-bolts down. The lag-bolts are right there, you

Cont'd. page 3

Concrete pad a source of problems

gested the leakage could cause "significant damage to the building's contents and, more significantly, there will exist in the bottom log conditions which are heavily conducive to decay".

In order to remove this problem he recommends council ensure a proper caulking dam is installed around the exterior. As well, the slab can be ground down or cut

by that building and it had no shingles on it, and the damn thing was leaking, you wouldn't ask me why it was leaking. The building was put up in the middle of winter, it had never been caulked, there was nothing ever done to stop the water from going under that log, because of the temperature. You have to have it over 47 degrees (Fahrenheit). Then

stop work until the pad had been ground down.

In its attempt to grind the pad down to level, the municipality rented a machine not capable of doing the job and another will now have to be rented. No other suggestions have yet been acted upon.

"If properly designed, properly installed, and especially if properly maintained we believe that the above

Scouts are offered new headquarters

The old Scout hall in Haliburton Village will be torn down if local scouting groups agree to use space in the renovated municipal garage on Maple Street.

Dysart council has called for tenders to repair and

refurbish the exterior of the garage, which formerly housed municipal road equipment but which has been little used since new facilities were built near Highway 519 just north of the village.

Exterior repairs are expected to cost between \$6,000 and \$7,000, clerk Wayne Wood said Friday, and will include metal siding, and new windows and doors. Interior renovations will be undertaken once decisions have been made about who wants to make use of the building, he said.

Besides housing the Scouts, the building could also be renovated to include offices for the OPP and the recreation coordinator, parking space for the rescue bus 'Spirit of Hope'.

The present Scout hall, which was formerly owned by the board of education and now owned by the municipality, is heated by oil and has no toilet facilities.

Closing date for exterior renovation tenders was Tuesday, May 19.

Minden council learns lesson on tendering

Anson, Hindon and Minden council appears to have learned a valuable lesson regarding the acceptance of tenders. Last year's council came under fire for circumstances surrounding its acceptance of a tender for library cultural centre construction but the present council is being more careful.

At the regular meeting last Wednesday council opened three tenders for a six-ton diesel snow plow truck with a dump box, one-way plow and snow plow harness fully

Cont'd. page 2

It was a day to remember... ...or forget

by Sue Cooper

Constable Al Barnes of the Minden detachment of the OPP had a hard day's work on Victoria Day weekend. Although officers who work the Saturday night shift on all holiday weekend can expect to be busy answering calls in all areas of the district, Barnes' shift proved exceptional in more ways than one.

The calls that Barnes covered from one end of the detachment area to the other kept him busy, but the most perplexing problem came when he went to leave the office after 12 hours of work.

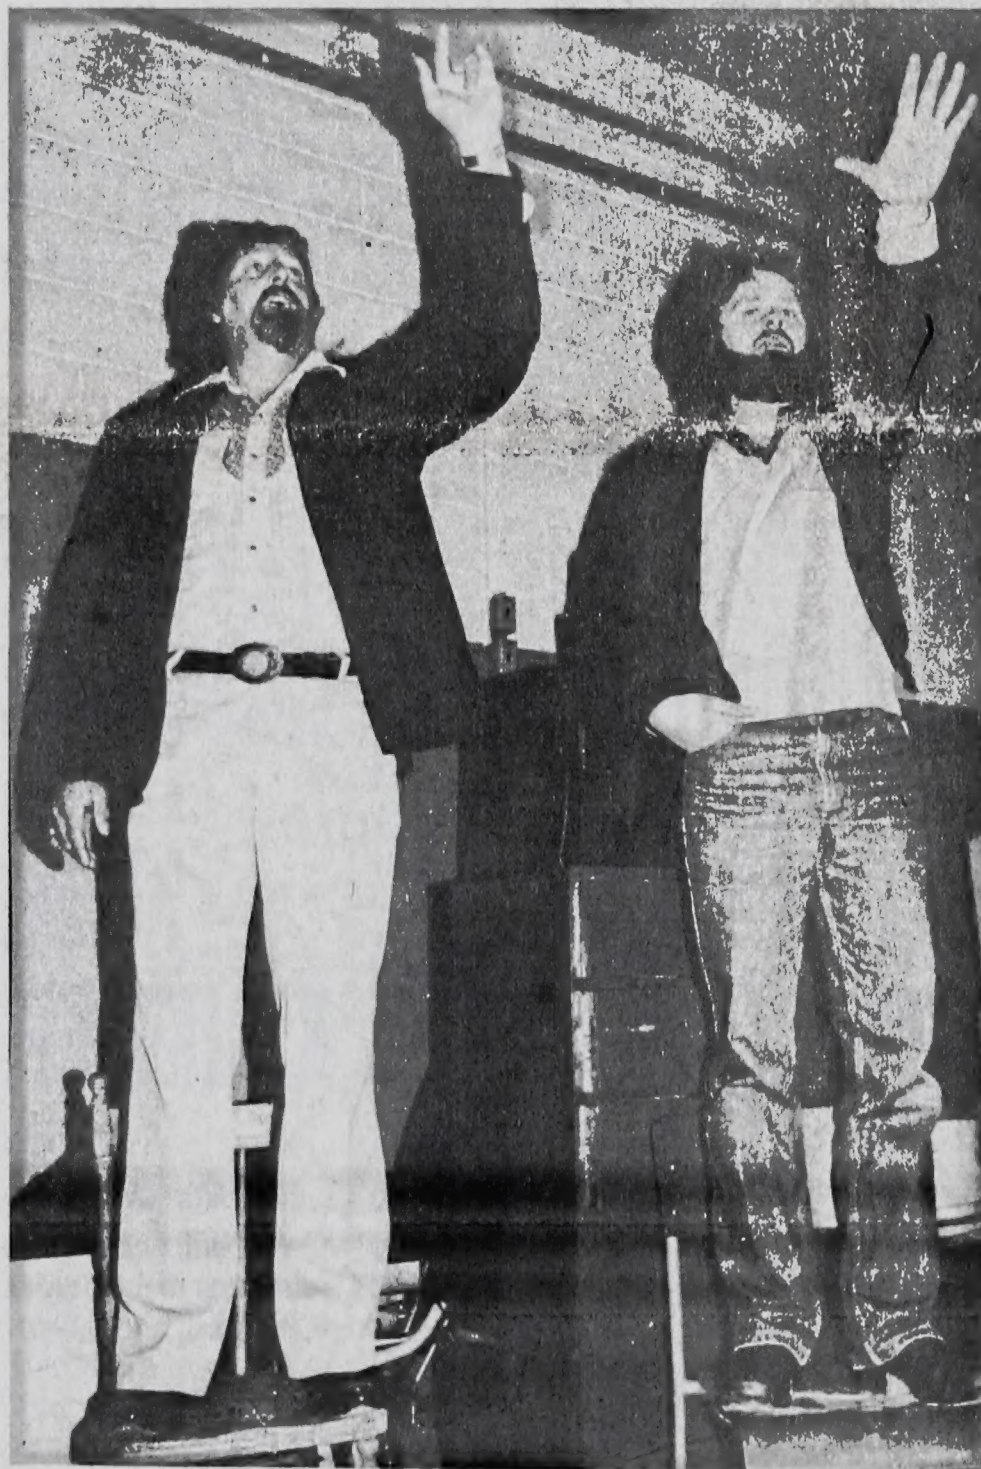

When Barnes reported for work at 8 p.m. he was soon dispatched to the Hawk River to evict campers from township property. After asking the campers to leave, Barnes issued a traffic warning for no light on a trailer, charged an underage drinker and then was dispatched to Big Hawk Lake where four people were reported missing in a small boat.

At the lake, Barnes borrowed a boat and after covering the surface area, discovered the four people safe, but experiencing motor problems.

Back safely on dry land at 2 a.m., Barnes was asked to look into a break and enter in the Lutterworth Township area and when he doubled back to the Minden Red Cross Hospital where a man was being treated for injuries inflicted by assailants.

Returning to the office after 12 hours on the job, Barnes finished his shift and prepared to go home for a much needed rest. But, on leaving the detachment office, he discovered that his car was no longer parked in the parking lot.

It had been stolen sometime during the busy shift the night before.

The auctioneer, left, and his ring man, both from North Bay, entertained the crowd at the Kintoria Day auction in Wilberforce, last Saturday. The proceeds from the annual auction help the South Algonquin Kinsmen support many community-minded projects. Festivities for the day also included a flea market and dance.

Council sympathetic to petition, race track rejected for Minden

In all probability, the residents along Prentice Street in Minden will not be subjected to the noise of motorcycle and car races after a 118-signature petition was presented to Anson, Hindon and Minden council last Wednesday.

The petition came to council after Minden resident Tom Prentice proposed that a race track could be established in the Minden Park for motorcycle, car and snowmobile races and for horse events during the annual Minden Fair.

Council left the matter in abeyance until the residents along Prentice Street could be consulted.

Although a delegation was slated to appear at last week's meeting, residents sent along a petition instead.

With 118 signatures the petition carried weight with council.

The petition stated the residents were not against the building of a race track but that they did not think the village was an appropriate location for it.

"If the track is to become a reality, should it not be beyond the village area? A village race track would considerably devalue the adjacent properties where the residents have worked to keep their places tidy and attractive," the petition said.

The proposal for a track had included a 10 foot high wooden fence which would act as noise barrier, but this did not meet with the residents' approval.

"Such (the activities at the

race track) would produce an unacceptable noise level. Even a ten foot high wooden wall would fail to confine the noise to within the proposed track area, and the fence would not add to the beauty of the landscape," the petition stated.

The residents were also concerned with the fact that the Minden Kinsmen had left mounds of dirt at an earlier track site when it was not possible to continue.

"It is said that the backers of the race track are the same persons who dug the ditches and left them and their mounds of dirt in the swampy part of the Minden Park. If the track were non-productive, would the fence be left to the destruction of time?" the

Cont'd. page 2

Council sets flat rate until October

Minden curlers win skirmish but water rate battle goes on

The Minden curling club has managed to win the first skirmish in its battle to have water consumption charges more realistically reflect the amount of water it uses.

J.O. Jackson, a member of the club, told Anson, Hindon and Minden council last week that the curlers were not satisfied with the first bill they received for the newly-built curling club.

"We strenuously object" to the first billing which covered the winter months when the club was not operating and therefore only using a minimal amount of water, Jackson told council.

The club, which did not operate during the winter months because of construction problems, tried to justify the water bill but couldn't find an answer other than that the township "is in a difficult position with the system," Jackson told council.

Jackson said the Minden clubs water bills do not compare with those at curling clubs in Lindsay and Bobcaygeon, and the club feels their charges were not regulated by the amount of water the club uses.

"We feel, in the high usage period, we might be anywhere from five to seven times a normal household" but in the summer time when the building is only used on an irregular schedule the usage might only be equivalent to two or three times the amount used by the normal household, Jackson told the council.

"We are not like the arena."

Based on a "fairly accurate estimate" Jackson said the ice surfaces are flooded about 10 times in the initial week of the curling season, to get the one inch of ice needed. He estimated each of these floodings might use 900 to 1,200 gallons. Approximately three or four times a year, levelling floods are carried out but the water usage is low, Jackson said.

When the curling season is in full swing, Jackson estimated 30 to 40 curlers might use the club five days a week averaging out to approximately seven times the normal usage in a household. With five major bonspiels a year, Jackson said the water used on those days might be two or three times the normal daily rate at the club.

During his conversation with council, Jackson said the club would be willing to have a higher billing during the winter months and a reduced

rate in the summer when the building was not being used most of the time, or the annual rate could be spread evenly over the entire year. But he cautioned council about the use of meters to get an exact reading of the water used since the township does not have a rate charge for a gallon of water.

"A meter is fine, if you have a rate to charge," he said.

If a meter were installed at

the curling club, Jackson said he would like to see one installed in a house at the same time so a comparison could be made.

"For pure interest sake" the municipality should install six or eight meters and then it could say "We've got the facts and figures", Jackson said.

Although councillor Ed Pergolas, who formulated the new water consumption by-law, was willing to disregard

the curling club's billing for the winter months and give the curling club until October to decide if it wanted a meter or if the present billing was comparable to other clubs in areas of the same size, Jackson said the club should at least be charged a minimum amount since it did use a minimal amount of water.

Council set a flat rate of \$75 to apply until September 30 when it is hoped a solution to the billing problem can be arranged.

G.W. Martin Lumber expands, acquires U.O.P.'s mills, offices

G.W. Martin Lumber Limited of Harcourt has announced the purchase of the Ontario Forest Products Division of U.O.P. Incorporated, an American company based in Des Plaines, Illinois.

The purchase was made through Martin Lumber's subsidiary company, G.W. Martin Veneer Limited. The Forest Products Division, formerly Stanforth Lumber Company, operates one of the newest and most modern rotary veneer mills in North America at Rutherglen, Ontario, near North Bay producing oak, ash, birch, maple and hickory veneers for shipment to world-wide customers. Along with the Rutherglen mill, the purchase also includes plants in Ontario at Mattawa, North Bay, Kiosk and Sault Ste. Marie.

At Mattawa, a dry kiln, planer and complete sorting and grading yard for lumber is maintained and is supplied by lumber from the sawmill at Deux Rivieres, Quebec.

Kiosk is the center for all forestry operations in the northern portion of Algonquin Park. At North Bay, along with the General Head Office, is a 60,000 sq. ft. warehouse and splicing plant for veneer, as well as a cut-to-size operation for veneer. The Sault Ste. Marie operation includes a complete logging division to harvest logs and veneer from the company's timber limits in that area. The Martin com-

panies own and operate sawmills in Harcourt, Eganville and Mattawa, Ontario.

Along with these mills, G.W. Martin Lumber also owns and operates a wood products company at Tweed, Ontario, manufacturing of high quality hardwood pallets for the brewery, liquor and food industries; a veneer company at Tweed, Ontario, manufacturing rotary veneer; and a wood treating plant at Kirkland Lake, Ontario with creosoting and pressure treating facilities for railway ties and poles.

According to a press release announcing the newest

The return of warm weather to the Highlands can be seen as well as felt. Trees throughout the county are sporting new growth, as this close-up picture of a pine branch shows.

Horticultural Society to beautify Minden

The Minden and District Horticultural Society has undertaken a large project to help beautify the area around the Minden Library and Cultural Centre.

Amos Brubacher, a member of the society, approached council last Wednesday to

Truck tenders

from page 1
mounted, but it did not follow the usual quick decision making process.

Instead, a selection committee, including reeve Lloyd Walker, councillor Lyle McKnight and road superintendent Earl Kent, was authorized to study the tenders and report back to council with a recommendation.

The first tender opened was from Holiday Ford, in Peterborough, bidding in at \$52,545 less a trade-in of \$3,545 and plus sales tax. Without the trade-in, the Holiday Ford tender was \$56,223.15. Boice Motors, of Haliburton, placed a bid at \$51,250 less a trade-in of \$5,250 plus the sales tax or \$54,837.50 without a trade-in. Winslow-Gerolamy Motors Ltd., of Peterborough, bid in at \$51,937 less a trade-in or \$3,500 plus sales tax or a tender of \$55,572.29 without a trade-in.

Although the tenders specified delivery in September, Winslow-Gerolamy estimated delivery in December 1981.

The selection committee will report back to council with its findings.

Council supports petition

from page 1

petitioners asked. After the body of the petition had been read to council, members seemed to be in agreement with the residents.

"I really can't disagree with them," deputy-reeve Doug Pritchard said.

Blame shared for mishap

from page 1
said according to Wrightman, Wrightman said Tuesday that both insurance companies will be responsible for covering the \$5,000 plus costs attributed to them.

The accident, which dates back to the spring of 1977, occurred when Wrightman was taxiing his aircraft along the township's runway. The

Martin expands

from page 1
acquisition, the Martin organization anticipates that all levels of production at all plants will be maintained and, in some areas, expanded.

discuss the landscaping plans for the new centre. He told the council the Horticultural Society was willing to landscape and beautify the area if the township had not made any other arrangements.

"As far as I'm concerned, you have it," Reeve Lloyd Walker told Brubacher.

As well as the landscaping immediately around the building, Brubacher said the society would like to establish a nature park within walking distance of the new centre. "The park behind the library is also in our eyes," Brubacher told council.

This year, the Ontario Horticultural Society is making special grants available to smaller societies to celebrate the 75th anniversary of horticultural societies in Ontario, Brubacher said. During this year the parent society is hoping projects will undertake special projects to commemorate the year, Brubacher said.

With this in mind, the horticultural society has tentatively planned to establish a nature park featuring the wild flowers and trees native to the area, Brubacher explained.

If the nature park is established in land nearby, Brubacher said the society would like to have a walkway leading from it to the cultural centre.

Council gave the horticultural society permission to landscape the cultural centre property and also to establish a nature park in conjunction with the overall park plan and the Kinsmen's participation.

The reeve, Lloyd Walker, also agreed the village was not a proper location for a race track and offered a piece of his property outside the village for the race track. He suggested if the Kinsmen want to go ahead with the race track idea, they can use his 10 acres if they pay the taxes.

Haliburton County's director of education J. Douglas Hodgson, right, was honoured at a recent gathering of the Haliburton County chapter of the Ontario Public School Men Teachers Federation. He was presented with the OPSMTF District Diamond Jubilee Award for distinguished service to education in Haliburton County. Shown presenting the certificate to the director of education is Gerald Irish, vice principal of Haliburton Highlands Senior Elementary School.

Cycles collide, pair injured

Two motorcyclists escaped serious injury on Monday when their motorcycles collided, sending the pair out of control on Highway 35 in the midst of Victoria Day traffic.

Johan Koesleg, 24, and Dennis Hayward, 22, both of Oshawa were charged with careless driving.

The pair were southbound on highway 35 when they passed a line of traffic near the intersection of the Scotch Line Road. When they pulled back into the southbound lane, the car ahead braked suddenly and the motorcyclists lost control of their bikes.

Hayward was travelling to the rear and right of Koesleg, and his motorcycle collided with the side of Koesleg's bike. Hayward's motorcycle then veered to the west side of the highway and he hit a guide post and the motorcycle bounced back onto the highway.

Both Hayward and Koesleg were treated at the Minden Red Cross Hospital for injuries to their feet.

The careless driving charge arose from incidents before the accident took place, police say.

A Glamorgan Township

man was charged with careless driving and driving under suspension when his car rear-ended a truck on highway 503, east of Gooderham, last Friday afternoon.

William Scott, 20 of Michigan, was driving a 1972 Ford pickup truck when it was rear-ended by a 1976 car driven by Richard Mathieu, 20.

The pickup received \$300 damage when the car sustained \$1,000 damage.

An Eagle Lake woman was taken to the Haliburton Red Cross Hospital after her car

rolled over along highway 530, east of West Guilford on Friday night.

Maryvonne Baranyi, 25, was driving a 1974 car when the accident occurred. The car sustained an estimated \$1,200 damage.

A Toronto man lost control of his car and rolled it at 4:30 a.m. last Saturday.

Bradley Gulston, 22, was travelling on county road four when the accident happened. He was uninjured but his car was estimated to have \$2,000 damage.

Assaulted on Highway 35, Scarborough man injured

A Scarborough man was kicked in the face when he tried to help a companion who was being persuaded by two men to enter another vehicle.

Shannon Mercer, 23, and Lesia Mass, 20, also of Scarborough, were parked on Highway 35, just south of Carnarvon at 2 a.m. on Sunday, when a black pickup truck pulled up alongside and two men stepped out.

The men tried to persuade Mass to come in the truck with them but when Mercer objected he was knocked to the ground and kicked in the head.

The assailants then drove off.

Mercer received stitches near his left eye at the Minden Red Cross Hospital. The assailants have not been identified.

Dysart council holds meeting

Dysart council, at a meeting April 27, considered the following:

Charles O'Neill was permitted to enter an I.G.A. sign between the two entrances to the Haliburton I.G.A. parking lot.

Council authorized the reeve and clerk to sign the easement for an aerial line across road allowance between Lots 5 and 6, Concession 4, Dudley. This legalizes the existing line.

Highland Wood Partners will be requested to attend the next regular council meeting to discuss the possible extension of their draft plan 46T-75398.

Council granted permission to J.D. Sweet to erect an addition 15'6" X 13'6" fronting Lot 20A, Plan 459, Havelock Township, and acknowledged the encroachment of the existing building.

A Certificate of Occupancy will be issued to Arthur Laing for Part of Lot 11, Concession 6, Harburn Township.

The reeve and clerk were authorized to sign the subdivision agreement between John Beachli Construction Enterprises Limited and the Municipal Corporation - re: draft plan 46T-78082.

By-law No. 81-16, a by-law for settlement of outstanding matters re: Hasley Developments Limited and assumption of roadways; By-law No. 81-17, a by-law to repeal previous by-laws passed by the United Townships of Dysart, Dudley, Harcourt, etc.; By-law No. 81-18, a by-law to close, stop up and convey certain parts of the original road allowances in the Municipality of Dysart et al, as more particularly described herein; By-law No. 81-19, a by-law to close, stop up and lease a portion of Highlandwood Drive, Registered Plan of Subdivision Number 405, in the Township of Dysart; By-law No. 81-20, a by-law to amend Zoning By-law No. 77-32; By-law No. 81-21, a by-law to close, stop up and convey part of the street allowance between Blocks XI and XIII, Registered Plan No. 1, Township of Dysart, By-law No. 81-22, a by-law to repeal By-law No. 79-15-1; and By-law No. 81-23, a by-law to close, stop up and convey that part of the original allowance for road around the shore of Long Lake and part of Lot 5, Concession 4, Dudley, were given three readings and passed.

Council authorized the consulting engineer, Michael Nitsche of Lassing Associates Limited, Box 201, Trenton, Ontario, K8V 5R2, to prepare in 1976 to prepare an updated report (inspection on arena) and file same with the Ontario Ministry of Labour.

Resolution No. 3 (4995) Highlandwood Partners was rescinded.

The reeve and clerk were authorized to sign the subdivision agreement between Highlandwood Partners and the municipality re: draft plan No. 46T-75398.

The Ministry of Housing was requested to extend the draft approval for Highlandwood Partners plan of subdivision for a further six months.

The application for an amendment to the comprehensive zoning by-law by Bishop and Rogers, as agents for M. Follis, was approved.

The Harcourt Community Centre and Recreation Committee were granted permission to hold a beer garden at the Harcourt Community Centre Grounds in conjunction with a baseball tournament, on Friday, July 10, 1981, from 6:00 p.m. to midnight.

A special meeting of Dysart council was held Monday, May 4.

Considerable time was taken to discuss recreation and the possibility of retaining a part time or seasonal recreational co-ordinator for a three-month period as recommended to council by the recreation committee.

Karen Thomson will be retained as seasonal recreation coordinator for the Municipality of Dysart from May 11, 1981 until Labour Day, at which time the program is to be evaluated jointly by the recreation committee and council, and that Miss Thomson will be contracted for \$300 per week plus mileage.

Council accepted the tenders of the following suppliers

for various items for dust control and pavement patching, subject to the approval of the District Municipal Engineer, Ministry of Transportation and Communications, Huntsville: K.W. Morris Limited - 120 ton bagged Calcium Chloride at \$183 per ton, FOB Haliburton yard; Chevron Asphalt Products - 10,000 gallon patching emulsion at \$9.00 cents per gallon, FOB Haliburton yard; Can Am Oil Limited - 80,000 gallon non-asphaltic road oil FOB Dysart roads via local at \$8.3 per gallon.

Council met again May 11 for a regular session:

General accounts totalling \$40,650.38, road accounts totalling \$57,102.02, and social services totalling \$10,437.05, were approved for payment.

Campens, Greer and Gallows were retained to draw plans and specifications for the band shell and wash-

rooms at Head Lake Park at a cost of \$6,100. This price includes tendering and supervision during construction, in addition to the necessary approvals from the Ministry of Natural Resources, Labour and Environment. This is prior to construction and tendering.

The road allowance between Lots 20 and 21, Concession 4, Havelock Township, will be conveyed to Kenny and Fuyarchuk for \$25 per foot frontage.

This decision came as a result of inspection and review by council. It is in no way to be construed as a precedent.

Council acknowledged the encroachment of Colin Barjarow for a house and septic system on the right-of-way re: Lot 3, Blk. 7, Haliburton, subject to the owner providing suitable long term parking off street.

Cont'd. page 3

ACLD summer camp to operate this year

Children with learning disabilities will get a chance to experience day camp again this summer through a joint program of the local learning disabilities association, the county board of education and the provincial Ministry of Education.

Main objective of the program, which will be held at Camp Tall Pines on Twelve Mile Lake, is to give local learning disabled children an opportunity to maintain contact with basic language and match skills while enjoying summer camp activities.

Marilyn Kinsman will act as project leader, and a Ministry of Education grant through the Experience '81 program will also allow four students to be hired as assistants.

Camp sessions will begin

Monday, July 6 and will conclude Thursday, August 13. Up to 40 youngsters are expected to take part in two groups attending on alternate days.

Daily routine of the camp will include reading, writing, listening and speaking, math games, large muscle exercise, crafts, large group games and a one-hour swim program. Students will also plan and prepare a noon meal in small groups as part of their routine at the camp.

Fee for the six-week program involving 12 sessions is \$20, which will offset the cost of lunches and materials.

Parents will be asked to volunteer their skills and services for the program, and a volunteer training session has been scheduled for Thursday, July 2 at the camp.

ANNOUNCING A PROGRAM TO HELP COMMUNITY GROUPS IN ONTARIO WHO HELP UNEMPLOYED YOUTH

If your community group is interested in providing counselling to young people who have low educational levels or insufficient training in the fundamental skills necessary to find and hold a job, there's financial help available.

As part of BILD (Board of Industrial Leadership and Development), the Ontario Youth Secretariat and the Ontario Manpower Commission have created a program to encourage a community response to the special problems of unemployed youth. The Ontario Youth Secretariat will match local monies in support of a counselling service - up to \$60,000 per year.

Are you interested? Would you like more information? Mail the coupon below for a brochure that will fully explain the program and qualifications.

Dysart council

from page 2

The application for an amendment to the comprehensive zoning by-law by Fred Schatz was approved. Council had no objection to the proposed extension and renovation from the Happy Gang to add to the existing building (Dysart et al park-land) an addition for workshop area, and a greenhouse.

By-law No. 81-24, a by-law to close, stop up and convey a portion of the original allowance for road between Concession 9 and 10, across Lot 28, and Concessions 9 and 10, across Lots 27 and 29, in the Township of Dysart, in the Provisional County of Haliburton, was passed.

Council agreed to pay the cost of survey work in the Haliburton Lake area in order to clear title on certain lands and to acquire title on others in any case the following conditions will prevail:

- (1) In addition to the roadways in Registered Plan 222, 226, 330, 331 and 350, Mr. Gruschkus will convey to the township any interest in the township lots lying in front of Registered Plans 222, 226, 330, 331 and 350, Harburn, which he may have an interest in.
- (2) That a condition be placed on title to the effect that the purchaser of Gruschkus lands recognizes the township's right to any further roads not presently being surveyed to a width of 33 feet on either side

of the centre line of the existing travelled roads.
(3) That the South Bay Dump title in the amount of five acres be deeded to the township.
(4) That the gravel pit deed to be cleared up being an area 550' X 550' encompassing part of the existing pit.
Council concurred in principle with the plans of the Race Haliburton regarding the establishment of a permanent dry land race track for snowmachines, pending further plans, specifications, etc., to be provided by the Race Haliburton Club when property acquisition or usage has been assured.

The quotation of Royel Paving for the supply and application of Hot Mix Pavement on the South Kashagawigamog Road, 1.6 mile at \$27.20 per ton (Est. 1500 ton) was accepted subject to the approval of the district municipal engineer, Ministry of Transportation and Communications.

Tenders were called for the sale of the following lots: Block A - Plan 457 - Guilford - Redstone Lake; Block B - Plan 352 - Harburn - Haliburton Lake; Lot 36 - Plan 378 - Havelock - Kennis Lake; Block A - Plan 402 - Havelock - Kennis Lake; Blocks B and C - Plan 482 - Dudley - Wenona Lake. The municipality will not assume responsibility for securing an environment approval of the lots.

Haliburton to host conference for area real estate salesmen

The largest single day real estate function ever held in Haliburton County will take place next Thursday when the local real estate board hosts the Region 7 Ontario Real Estate Association Sales Conference. Up to 250 delegates are expected to attend.

Bill Roodenburg, past president of the Haliburton District Real Estate Board, is chairman of the conference, assisted by president Larry VanLieshout and a co-chairman.

Theme of the conference, to be held at the Haliburton Legion, is Haliburton Highland Fling. Registration gets underway at 8 a.m. and the conference begins at 9 a.m.

A welcome will be given by the chairman to visiting delegates and a welcome to Haliburton County will be extended by County Warden Murray Fearrey. Provincial representative John Ekins and federal representative Bill Scott will also address the delegates.

Guest speaker Hazel McCallion, Mayor of Mississauga will address the morning session on municipal and property rights. Addressing both the morning and afternoon session is guest speaker Fran Smith, an author, and

expert in marketing. The head table guests for dinner will be piped in by the Haliburton Legion pipe band. Addresses will be given by president of Region 7 Bert Hawkins, the registrar of real estate Al Binstock.

Fran Smith will address the afternoon session and at the close of the conference visiting delegates will have an opportunity to meet fellow members and visit Haliburton Village.

O.R.E.A. represents nearly 25,000 real estate brokers and sales representatives in 48 local real estate boards across Ontario.

Region 7 consists of seven boards: Bancroft, Cobourg, Port Hope, Haliburton, Lindsay, Oshawa, Peterborough and Quinte.

OPP report

The Minden detachment of the OPP report the following activity for the period May 11 to 17: The staff investigated 103 general occurrences, 10 thefts, eight break and enters, 10 liquor infractions and three damage complaints.

Four people were injured in nine reportable motor vehicle collisions and the staff also investigated three non-reportable accidents.

They don't last long, but when the trilliums are in bloom, the county's woodlands are dotted with white and red. Trilliums are protected under provincial law, and must not be picked.

Minden asks MNR to pay for survey

A section of the Anson and Minden boundary which is one of the few township boundaries in the province which hasn't been retraced is causing some problems for Anson, Hindon and Minden.

he boundary, the only one retraced in Haliburton County, must be surveyed before council can move ahead with plans to upgrade the Bobcaygeon Road, north of Minden Village.

Paul Wilson, of Bishop and Wilson, land surveyors, told council last Wednesday that it could pay for the boundary retracement itself or it could push the Ministry of Natural Resources (MNR) to cover the cost of the work.

The MNR is responsible for the retracement of boundaries in the province but an earlier attempt to have the MNR cover the cost of the boundary retracement failed, Wilson said.

Wilson suggested council could ask MPP John Ekins to try to press the MNR to have the boundary slated for re-

tracement. "Bobcaygeon Road is one of the very few in the province that hasn't been done," Wilson told council.

According to Wilson about one and a quarter miles of the boundary needed to be surveyed immediately to alleviate the road problems but other sections along the Bobcaygeon Road have also been ignored.

Wilson estimated the MNR usually pays about \$4,000 a mile to have boundaries retraced and the municipality might not be willing to spend that much money.

"Let's say we don't have that much money to spend," Reeve Lloyd Walker told Wilson.

However, Wilson caution-

ed council that if the boundary was retraced it might not be suitable for the road to travel over so further work might have to be completed.

"It would certainly be advantageous to have the MNR retrace the boundary," Wilson said.

Council decided to pursue the matter with the MNR.

Shared solution to erosion sought

by Sue Cooper

Steve Berry has an erosion problem on the edge of his property along the Gull River but the problem is it isn't all his problem.

Berry, who owns riverside property near the Old Portage Bridge, has been watching the banks of the river erode away, leaving a smaller area between his house and the bank.

Last Wednesday, Berry asked Anson, Hindon and Minden council, if it would be

willing to share the cost of stabilizing the bank since the area where the erosion is taking place is on the 66 foot marine allowance and is encompassed in the Gull River Official Park Plan.

Berry estimated the project might cost about \$15,000 and said he would contribute a third, with the Ministry of Natural Resources contributing a third and the municipality the other third. (The MNR became involved because the bank is eroding into a trout

spawning bed and it could endanger the fish.)

Brian Sisson, the municipality's parks and recreation supervisor, told council the erosion problem could be controlled if gabion baskets lined the bank and fill was trucked in to level the bank properly.

Council decided to order

Builder disputes consultant's report

from page 1

can look at them. They're bolted right into the concrete. They're right there as big as your eyes. How he missed them, I have no idea," Wrightman said.

The next section of the report stated the two inch wide continuous soffit vent along the east and west side as well as a continuous ridge vent, were replaced by 12 inch round ventilators but the ventilation in the attic space does "appear adequate".

Wrightman explained he made the change in the ventilating system because the plastic on the ridge vents was likely to crack and the roof vents were likely to allow snow into the attic area.

"It's a better looking job," Wrightman said. In the attic area, which has been closed in and did not allow the consultants to have a first hand view, the report questions whether the "75 psf snow load" trusses were adequate for the building. Wrightman is confident that they are.

The consultant also stated he is concerned the insulation value of the walls will not meet the minimum require-

ment of R12 for exposed walls.

"We presume that you are aware that with a solid log construction of approximately five and a half inches in width and disregarding any joints or chinks, you cannot reasonably expect an R-value of the as-built wall in excess of approximately seven," the report says.

But Wrightman was adamant in denying the consultant's figures on this matter.

"The Ontario Building Code still shows 1.5 per inch, which on six inches is an R-value of nine. However, the Eastern Forest Products Report puts (an R-value of) two per inch, which he (the consultant) is apparently not using. We should have an R-12 in that wall and probably more because of the way the tongue and groove is designed," Wrightman said.

In the conclusion of the Horticulture group wants greenhouse

The Minden and District Horticultural Society may soon have a greenhouse in which to store its plants during cold weather.

Amos Brubacher told Anson, Hindon and Minden council last Wednesday the society needed a greenhouse to store hanging baskets until the weather warms and added that the shelter would be helpful to the society as a whole.

According to Brubacher grants might be available from New Horizons, a federal program helping senior citizens' projects, to establish a solar greenhouse or the society might be able to purchase a used greenhouse at a reasonable price.

However, since the society has no property of its own, Brubacher asked council if it might have a suitable place to put the greenhouse.

Council authorized Brubacher and road superintendent, Earl Kent to look into the possibility of establishing the 24 foot by 24 foot greenhouse near the municipal garage where both electricity and water are available.

report, the consultant said the building would probably have a long life because of certain design techniques. Because the building is electrically heated and no large amounts of moisture are expected, the structure will probably be very dry during the winter months and the building is not tightly sealed so water vapour can escape through the logs and not lead to decay.

When the report was read to council, no comments were made. But Wrightman did have comments after reading the report.

"It's a fair comment. I am

surprised the company missed some of the elementary things they did. I mean, they must have just walked through it. There's no way I would have done a report on somebody else's product without at least having a brochure on the product, or speaking to the people who designed it, or knowing something about it. I think they stuck their nose out a bit."

"As far as I'm concerned, the report is not detrimental to us," Wrightman said.

"The building is a perfect building. They've got a beautiful building there," Wrightman said.

Percussion group gets grant

Nexus, a percussion ensemble, partly based in Norland, has received an \$8,000 grant from the Ontario Arts Council.

The grant, which was announced recently, will help members to devote their working hours entirely to the group, business manager, Jean Donelson said from her home in Norland on Thursday.

Donelson, whose husband John Wyre is a member of the ensemble, said the couple make their home in Norland

but most of the group's studio work happens in Toronto. The ensemble has performed across North America, Japan and England on tours. It also created the sound track for "The Man Who Skied Down Everest", an Academy Award-winning film. Nexus has also recorded two albums.

Although the group was formed in 1971, the members have now decided to take it on as a full time responsibility and made the application for the grant on that basis, Donelson said.

Be part of the picture.

June 3 is Census Day, and it's a day that really counts for Canada.

A census representative carrying identification will shortly deliver a questionnaire to your home.

It's vital to count yourself in. Census information, gathered every five years, helps us understand our changing country so we can make plans for tomorrow. In fact, our national census is so important that, by law, every household must participate.

It's between you and us. The information you supply is seen only by census employees. No other person, government department, or organization, has access to it.

It's not difficult. Just take a few minutes to fill in your questionnaire. If a postage-paid, pre-addressed envelope was delivered with your census package, drop the completed questionnaire in the mail. If there was no envelope included, your questionnaire will be picked up.

It's your future. Remember, the census helps us paint Canada's future. And we need your help to make the picture perfect.

A last chance

News that the future of the Haliburton Huskies is in doubt will be greeted with indifference by some; but for others, who believe the team and its traditions form a small but important part of the community, the Huskies' fate will be a matter of some concern. And it is those people the recreation committee hopes will turn out for a meeting to discuss the team's future.

In the past, the Huskies have provided both entertainment for fans and an opportunity for youngsters to continue to play hockey in their late teens. Years ago, playing for the Huskies was considered an honour, and competition for places on the team was keen. But the community, and hockey changed. Players who might have formed the core of the team chose to continue their education at colleges and universities. Job expectations rose and their availability dwindled, making it increasingly difficult to keep players in the county. And other forms of entertainment diminished the lure of Saturday night hockey at the local arena.

These obstacles which stood, and still stand, in the way of the team's success cannot be ignored, but the recreation committee hopes that many of them can be surmounted. That will happen only if enough people indicate that they want to see the team survive, however.

The committee hopes that a number of business people in the community will help sponsor the team. It hopes it can find people willing to put in the hours of work that will be necessary to keep the team going throughout the coming season. And it hopes it can bring fans back to the arena to support the players, win or lose.

These challenges are substantial. But the committee is willing to face them if the community is willing to help share the load.

It will be a collective decision, and anyone who wants to be part of it should make a point to be at the Legion this Thursday night.

If you don't speak out now, there may not be another chance.

Everybody's concern

Dysart et al ratepayers are being asked to say what they want to see happen in the community this summer with respect to recreation. The opportunity should not be ignored, because the community has much to gain if it gets behind a recreation program.

For years the need for a recreation director has been a topic of argument among citizens and politicians alike. Some of the latter even made the issue part of their platform in various elections through the years.

Now, council has finally made the move. First it sought to hire a full time, experienced recreation director, but when that effort was stymied at the last moment, council and the recreation committee opted for a less risky, though perhaps no less effective step. They hired a recreation coordinator on a four-month trial basis to see how much need there is within the community for a recreation director and recreation programs. Whether or not the experiment is a success will depend almost exclusively on the extent to which local people are willing to get behind the program and give it a sense of purpose.

The community needs to offer some alternatives to its young people, and it needs to help some of its adult citizens become more active. An effective recreation program can do both.

So speak out if you have ideas. Recreation should be everybody's concern.

A passing grade

During the last few months Anson, Hindon and Minden council has been enrolled, albeit against its will, in a kind of short course in the pitfalls of tendering for public buildings. And although the final marks are not yet in, it is becoming increasingly clear that the best council can hope for is a passing grade.

To be fair, three out of five members of the present council are not responsible for problems that have plagued efforts to get a library and cultural centre for the community, since they were not elected when the decision to build the structure was made. But every council member must now be held responsible for the way in which the problems are being handled. And in that regard, they are not above criticism.

The whole matter of the library/cultural centre has been a headache since its inception. Public committees working to get the project started argued among themselves, unable to agree on the concept, the funding, the design, and the relative importance of each component. Then council leaped ahead and built a pad capable of supporting a concrete block building without knowing the shape of the building that would sit on it. No concrete sill was installed on which the building could be constructed. It tendered for a block building, then decided to award the contract to a builder of prefabricated log structures. And what followed was a series of problems that have yet to be resolved, despite apparent good intentions on the part of both the builder and the present council.

Now, council has spent \$1000 for a consultant's report that may or may not provide the definite answer on what is wrong, and right, with the library building. Based on the report, council will have to move quickly to ensure that all the problems are rectified. The building has too prominent a place in the community's life to languish unused throughout the summer.

As others see it

ALCOHOL

In our society a citizen has the right to drink alcoholic beverages, the right even to drink himself or herself silly if such be his or her tastes and tendencies. But this right must always be assessed in the wider social context.

A person's right to drink must not be exercised in ways that interfere unduly with the rights of other persons. If someone's drinking causes behaviour that endangers you or even seriously inconveniences you, you have the right to interfere to some degree with his or her drinking. If that person drinks and then drives on a road on which you are driving, then his or her drinking becomes very much your business.

A bewildering variety of statistics is available on drinking and driving -- and an even more bewildering variety of interpretations of those statistics. But it is impossible to avoid the conclusion that in an alarming proportion of all traffic accidents, especially those resulting in deaths and serious injuries, there is an alcohol factor.

Professor John Cohen, an English psychologist, made some exacting investigations of driving skills. Here is one of the conclusions: "Moderate quantities of alcohol tend to make most drivers increase their speed, although they are usually unaware that this is happening ... Alcohol intensifies any driver's tendency to overrate his ability in relation to his performance."

This conclusion comes out of carefully controlled experiments with real drivers and real alcohol.

Two psychiatrists working in the same field, Dr. Neil Kessel and Dr. Henry Walton, make this comment: "The drinker is in the worst possible position to make the decision whether he is safe to drive or not." They add this warning: "The drinker himself becomes progressively less able to detect his own impairment."

The hands of the police and the courts must be strengthened with respect to drinking and driving matters. Breathalyzer and other tests must be recognized, do interfere to some extent with a citizen's rights and liberties -- but surely we must balance those against the rights and liberties of other citizens.

from the Georgian Bay Beacon

IRISH EYES

The recent events in Ireland are gradually pushing mankind into an all-time low.

It is perhaps difficult for North Americans to appreciate beliefs so strong that the value of human life is defiled. Many citizens of Ireland contend that they are fighting for a better way of life, yet they are forsaking productivity while they search.

The Protestant and Roman Catholic factions have opposed one another for so many generations that many Irish people know not of peace. Each side is defeating itself while aiming their hate at the opposition. There will be no victors.

Hunger strike victims have attempted to bull
Cont'd. page 5

Queen's Park Report

by MPP John Eakins

One of the most blatant uses of majority government occurred last Thursday evening, when the Conservatives refused to accept a decision of the Ombudsman of Ontario. A repetition of such action could very well effectively destroy the independence of that office.

In Ontario, if anyone feels that they have been wronged by a government ministry or agency, they may appeal to an independent arbitrator known as the Ombudsman. In Ontario he is the Honourable Donald Morand, Q.C., a former Justice of the Supreme Court.

As a member of the all party Committee of the Legislature, I agreed with the Ombudsman's decision to support a workman who felt he had been wronged by The Workmen's Compensation Board. So did all the members of other parties on that committee.

On Thursday evening, when the Ombudsman's report was presented, the Minister of Labour, the Honourable Robert Elgie, refused to accept the Ombudsman's decision. Instead, he sought out a decision from the Deputy Attorney General, and

well known lawyer J.J. Robinette, to support his case. It was very disturbing to me that the Minister of Labour should in effect shop around for a legal opinion when the Honourable Donald Morand, our Ombudsman, is himself a noted legal person. Personally, I thought the government's decision shameful and could lead to the discrediting of this great office.

Three years ago while meeting with the noted Ombudsman of Israel in Jerusalem, our committee asked him what would happen if his government would not accept his independent decision. His answer was one of bewilderment, for it had never happened and, if it did, he said he would feel compelled to resign.

Mr. Davis, with his solid majority, should ensure that everything will be done to see that power is not abused. Thursday evening was an opportunity for the government to stand tall and take the high road. Instead, they took the first step toward destroying an independent voice of the people of this province.

I can only hope it will not happen again.

Feir Play

by
Creighton Feir

The Victoria holiday weekend has come and gone and from what I can understand, although most business establishments in the county were kept busy, business on the whole was down somewhat from a year ago at this same time. It rained for most of Friday and on Saturday morning but started to clear up around noon on Saturday and was mostly sunny for the remainder of the weekend. One weekend alone does not hold the answer to just what we can expect as far as business is concerned for this coming summer. The past weekend afforded me with the opportunity to meet and have a chat with many cottagers whom I have had the pleasure to meet and get to know on a personal basis during the past several years. I really enjoy meeting these people and I wish them many days of sunshine and warm weather in the summer that lies ahead. May you still continue to feel right at home with us.

The village of Haliburton will be featuring many attractions for the summer visitors here this coming spring and summer. The super slide when it gets into operation at Skyline Park should be a big drawing card along with the pedal boats which will be in operation on Head Lake. An added attraction will be the new park right in the village with its many attractions for the sightseers. We understand that the Rotary Beach side of the park will take on a new look with many new rides in the very near future.

Between 200 and 300 young people turned out for the grand opening at The Youth Centre of the 4C's at Haliburton last Thursday evening. The young people enjoyed roller skating at the curling rink from 7:30 p.m. to 9:30 p.m. and following this enjoyed hot dogs and refreshments at the 4C's house. Some young people were unable to roller skate as the demand exceeded the supply as far as roller skates were concerned. On Friday evening Rollertek swung into operation and drew big crowds throughout the weekend.

The future of the Haliburton Huskies Junior C Hockey Club will be on the line this Thursday evening, May 21 at 8:00 p.m. when a public meeting will be held at the Canadian Legion auditorium. The meeting which is being called by the Dysart Recreation and Community Centres Board will determine whether Haliburton will ice a Junior team next season. It's my opinion with a contender and a winning team the arena can once again be filled to capacity. All interested persons are asked to please attend.

Haliburton's main street's newest restaurant, the "Old Country House", opened its doors on Saturday at 11 a.m. for business. Many people took the opportunity to drop in to eat and view the new surroundings.

The Full Gospel Bible Institute will present a sixty minute concert at 8:00 p.m. on Thursday, May 21 at the Senior Elementary School Library at Haliburton featuring the musical "And There Was Light" by Cam Floria and Jeff Kennedy. This concert, involving eight singers, offers a blend of contemporary gospel music, special lighting effects and choreography in order to portray Jesus Christ as the light of the world. Full Gospel Bible Institute, located in Eston, Saskatchewan, is proud to present this ministry in Haliburton. An open invitation is extended to everyone. It's being sponsored by the Full Gospel Lighthouse.

The members of the Rotary Club of Haliburton have been treated to two excellent programmes these past two weeks. Two weeks ago Joe Iles introduced Mike Walker, General Motors representative for this area, who showed a video tape about the future. Last Thursday night it was Maurice McKee who introduced us to two representatives from Bell Canada who both talked and presented a movie about the new ideas coming from Bell in the future. The members were also filled in on the money that is to be spent in this area in the very near future and all about the new lines and telephones that will be installed. Both of these programmes were excellent showing us just how our lives and lifestyles are going to be changed in the 1980's.

The Haliburton Minor Softball League which proved to be a big success last summer appears to be on the road to another record run this year. Last Wednesday evening well over 200 kids registered to play ball. This just goes to show the great interest in this organization. We have been informed that the first practice is scheduled for tonight (Wednesday, May 20 at 7:00 p.m.). More help is needed in many areas if this ball league is to click in the same manner that it did last year. If you can help, be at the Senior Elementary School ball diamond tonight.

We have just learned that the Rotary Club of Haliburton's Easter Seal Campaign is now just \$50 short of its objective of \$1,800. If you happen to be one of those who have neglected for one reason or the other to send in your contribution, please do so right away so that the club can reach or better its objective.

It's been a very long hockey season but Ron Stackhouse who plays for the Pittsburgh Penguins of the National Hockey League has finally made it home and I noticed him on the main street of Haliburton on Saturday renewing old acquaintances.

If you are looking for something different to do this weekend you should plan to take the kids to Head Lake at Haliburton and try out the pedal boats which will be in operation near the public dock. My son Derek had me out of bed early last Saturday morning and on our way to the public dock for a look at the pedal boats. He was very excited when he had the opportunity to give one of them a trial run. The pedal boat rentals will be in operation here weekends only until June 27 and then daily until Labour Day.

Pic of the Past

In keeping with the celebrations that are marking Monmouth's Centennial year from time to time we are running photos submitted to us by the Monmouth Centennial Committee showing what life was like in Wilberforce and area in years gone by. This is another picture in our series which was forwarded by the family of

the late Bill Riley of Toronto. Shown here are the school children practicing with dumb-bells on the school steps in Wilberforce about the year 1912. We are sorry that we are unable to identify those shown in the photo.

From the Chamber

by Bob Stinson

The Victoria Day weekend traditionally signals the beginning of the summer season but this year with spring appearing so early it almost seems a little late for that. However, with a couple of frosty nights we are reminded that even yet those summer water lines are in some jeopardy.

Accommodation was pretty well strained to the limits we understand and local facilities were operating at or close to capacity. All indications point to a very good season providing the weatherman cooperates as anticipated.

Student Venture Capital

The Ontario Youth Secretariat operate a Venture Capital program each year that assists students to operate a summer business and this year our Chamber is participating. The program provides interest-free loans of up to \$1,000 to provide working capital so that a student may set up and operate a business of any kind during the summer months. The loan must be repaid by October of the same year out of the anticipated profits of the venture.

The Chamber's role in this procedure is to screen the applicants and advise them on their proposals. Application forms are available at either the Chamber or the Manpower offices and we would be glad to discuss ideas with any student considering an application.

Commission Workshop a Big Success

When the Economic Development Commission agreed to sponsor a one evening workshop on How to Start a Small Business they had little idea on just how much interest it would spark. Seventy-six people filled the meeting room last week to hear Bob Pollock of the Ministry of Industry and Tourism provide some of the answers they were looking for and his presentation was received most enthusiastically. One member who attended noted that he really was already aware of much of what was said, but you need to be reminded every so often of some of these things. Those not already in business found the workshop invaluable in helping them consider their future plans.

The Chamber has been somewhat frustrated in the past when it sponsored seminars and workshops to aid members and they suffered from lack of participation so it was very encouraging to see the response to this event. We are prepared and anxious to arrange similar seminars for the business community in the future wherever there appears to be enough interest. If you have a particular topic you would like to see us tackle, let us know and we shall see what can be done.

More "What's New"

In the last column we had a host of new or changed business operations in the county to tell you about and there are still many more to relate to you. We hope you will welcome all these folks into their new endeavours and remember that supporting them is supporting the Haliburton economy.

In Minden you may notice that the familiar "Lauric Inn" sign has now been replaced with a

Cont'd. page 13

Bill Smiley

A reader, W. Ross Carrothers of Waterloo, Ontario, takes me to task for a recent column in which I expressed my unhappiness, and that of thousands of others, I'm sure, with The Bell's ubiquitous requests for rate increases.

He says, in part: "Your article certainly showed you didn't do your homework on that one. Perhaps you'll be good enough to write an article on the Hydro rates next. They seem to slip by you with nary a sigh."

That's what you may think, sir. I don't sigh; I groan. But it's the only game in town, and it's controlled by the politicians. My only available response is to cut back on my use of electricity.

Mr. Carrothers, P.Eng., goes on. His figures are based on Stats-Can: Price increases in per cent increases, 1971/80: Electricity - 124, Fruit and Vegetables - 178, Gasoline - 140, Rail - 138, etc., etc., etc., Telephone services (Canada) - 34.6.

O.K. Let's take them one at a time, though it seems my correspondent is using the argument that two wrongs make a right, or two blacks a white.

Electricity increases are the result of the usual bungling when a utility is controlled by government. During the ten years mentioned, Hydro spent millions of dollars in advertising, trying to persuade us to use "cheap" electricity for everything from heating homes to buying new appliances to using an electric toothbrush. They were practically flogging this cheap energy.

Bum guesses and faulty prognostications tell us one minute that electricity is practically free, it's so plentiful, and the next that we might start having "brown-outs" because of shortages. And all the while jacking up the rates to cover the boo boos of previous prophets on everything from nuclear power plants to projected usage of power, often away out of whack.

But man, it's a comfortable way to operate, with no competition, and always the government shoulder to cry on, taxpayers' money to subsidize, if necessary, and politicians to cover up and explain away.

We could go back to the oil lamp, the wood stove, and a

chunk of ice in the ice-box. But with the price of oil and wood, and the inavailability of coal and ice (because hydro practically forced their purveyors out of business) there doesn't seem much point.

We are hooked into an electrical circuit that heats us, lights us, cooks for us, and entertains us, audially and visually. It's our own fault. But, even accounting for inflation, hydro prices have risen ridiculously, and really hurt people on fixed incomes and those in rural areas. I'd guess that half of that 10-year increase is due to bungling and botching.

Once again, I must be fair, as I was with Bell. Our hydro is remarkably efficient, still cheap according to world standards, but expensive considering our resources.

Next, fruit and vegetables. That's easy. We had them at bargain rates for years because their producers used the nearest thing to slave labour: foreign workers, migrants, the very poor. Now these people, with some organization and help from genuine liberals, are making something approaching a decent wage. We pay the difference. But I can still buy a quart of strawberries for 50 cents, if I pick them myself.

Gasoline? We are hogs, burning it as though it were going out of style. Which it is. We've been warned by experts that it is a non-renewable form of energy, then told by politicians that there was no foreseeable shortage, then panicked by other politicians. But don't try to tie me and the Arabs and Ma Bell into one neat package.

Cottagers in certain areas of Anson, Hindon and Minden Townships can now rest a little easier when their children cross the road to swim at a nearby lake.

For years, local cottage associations have been asking council to reduce speed limits on roads surrounding area lakes. But because of Ministry of Transportation and Communications restrictions, council could not act upon their ratepayers requests.

However, the MTC recently eased the restrictions and council has moved ahead with its promise to try to improve

Rail? Sure. More government bungling and botching and patching over the years, and now a desperate attempt to recoup some of the billions of our money used as subsidies for the C.N. CP was smart enough to get into other things and make money. But don't forget where they got all that free land in the first place.

As for the etc.s, they could be anything. I know for damn sure that my salary hasn't gone up 120 or 140 per cent in 10 years. Nor has the income of the farmer, merchant, pensioner.

It's easy to use a few statistics out of context, to prove a point. Beef prices have more than doubled in those 10 years. And beef farmers are going broke. Car prices have doubled, and automobile firms are going broke. Postal rates have more than doubled, and the post office requires huge subsidies. Income taxes have doubled, and the country is going broke.

Not a pretty picture, but I didn't start out, in that other column, to analyze the economy. I merely pointed out that as a good corporate citizen which has a near-monopoly, Bell could show a little restraint, and not be running to the Transport Commission every couple of years for an increase, which it was doing long before inflation became a household word.

Mr. Carrothers is waiting to read my apology to the telephone companies of Canada. Don't hold your breath, sir.

Speed limits reduced on area roads

the situation.

At last Wednesday's meeting, council passed a by-law to reduce the speed limits to 40 kilometres per hour on the Twelve Mile Lake Road from the Highway 35 turn-off to the intersection of Tall Pines Road and on the Reynolds Road in a highly congested area surrounding Horseshoe Lake.

Report from Parliament

by Bill Scott, MP

The Bank of Canada has raised its prime lending rate again, this time to 18.7 per cent, approaching last year's record lending rate.

Federal finance minister Allan MacEachern said that Canada must keep raising interest rates to match those in the United States, saying that this is the federal government's chief weapon in its war on inflation.

There must be a serious flaw in the government's logic, because inflation continues to rise, the Canadian dollar is still hovering in the 83 to 84 cent range, and the Canadian economy is in a state of decline.

Trying to match the United States point for point in setting interest rates is a dangerous game, a game that we simply cannot win. And, if the setting of ruinous interest rates is the only economic tool at the disposal of our government, then we are in more serious trouble than we are being told.

MacEachern says that we must make it more difficult for Canadians to borrow money to purchase consumer goods in order to hold down inflation. If that was all there was to it, if it was really that simple, then all of us could go along with the government's position.

However, the finance minister left out the most important aspects of raising interest rates. He did not explain how producers of consumer goods could continue to produce without a market for their products. He did not explain how businesses in Canada could survive and prosper when interest rates have risen faster than their margin of profit.

The rate of failures of small businesses in Canada is increasing each year, and predictions are that this year's failures will be from 20 to 30 per cent greater than for last year. Figures available for bankruptcies in Ontario show that failures among small businesses rise in proportion to the rise in interest rates.

The increase in the failure of small businesses is a double-edged sword. First of all, it brings about a decrease in commercial activity in the towns and villages and cities where the businesses are located. Secondly, more than 55 per cent of all jobs in Canada are in the small business community.

Smaller communities are especially hard hit by lay-offs due to the failure of small businesses, because of the loss of commercial revenue, and because the laid-off workers cannot generally be absorbed by the remaining businesses.

It is obvious that some alternative has to be found to the present economic brinkmanship being practised by the federal government. The constant rise in interest rates to match those in the U.S. has become more of a game than solid economic policy.

As others see it

from page 4

their way into historical martyrdom, but it is doubtful that their names will mean anything a few years down the violent road. It is illogical that one should strive for religious freedom by voluntarily turning oneself into an emaciated corpse. One cannot experience freedom, or give it to others by blinding oneself through lack of nutrition. It does, however, make headlines.

Prime Minister Margaret Thatcher has been accused of rigid inflexibility in refusing political status to the hunger strikers. Should she relent, a dangerous precedent would be set throughout the United Kingdom.

There is no reason to cater to these adults who are to be compared with the youngster who threatens to hold his breath until given access to the cookie jar. A hunger strike is widely publicized suicide disguised under a dark cloak of political rhetoric.

The warring sections of Ireland have forgotten how to live, as violence is a cumulative beast that is habit forming. When one does not recognize peace and harmony, one has little real interest in attaining it. War has become the norm.

And children learn quickly.

COUNTY ECHO SPORTS

Cory McKnight selected by Lakeshore league pee wees

Cory McKnight

Cory McKnight, son of Gary and Darlene McKnight of Haliburton, has been signed with a major Pee Wee team to play hockey through the summer months.

McKnight was signed after only two practices with the prospective Lakeshore league, his parents said Tuesday. The league draws players from centres from Lindsay to Toronto and Haliburton is usually out of the district but because McKnight played well enough to make the team, the organizers made an exception.

McKnight, who will be 13 at the end of July, was an important player for the Haliburton OMHA Pee Wees in their bid for the Ontario semi-finals last hockey season.

Although McKnights believe the team will be playing exhibition games throughout the summer months, they know at least two major tournaments have been organized. The first is scheduled for the end of June in Ottawa and then the team will travel to Boston for a week-long tournament at the end of August.

Karen Thomson

New recreation coordinator wants Dysart et al's ideas

Dysart et al's new recreation coordinator is turning to the community for ideas about programs that should be run this summer.

Karen Thomson says a public meeting will be held next Monday at the Dysart community centre to hear suggestions from local citizens about activities they would like to see organized over the next three months.

Thomson, who was hired recently by council and the recreation committee to undertake a recreation program for the summer, says a large number of possibilities exist, but that the public's input is needed initially.

"It's up to the community," she said in an interview Monday. The position of recreation coordinator was created in April after council and the recreation committee were unable to secure the services of a full time recreation director. The job will be reviewed by the committee and council in September, and could be continued if a need for it is proven this summer.

The new coordinator graduated with a Bachelor of Physical Education degree from McMaster University in Hamilton in 1980, and spent a year of her undergraduate program at the University of Alberta, where she took courses in recreation and outdoor education. Since graduating she has worked at the Leslie Frost Natural Resources Centre near Dorset teaching outdoor activities to school groups.

In her new job Thomson hopes to coordinate some of the activities that are already going on in the community, and help in setting up and running others.

In addition to the house league baseball program for youngsters which gets underway this week, Thomson plans to establish a soccer

program that will also allow every interested youngster to play. As well, a day program for children may be established using the facilities at Head Lake Park as a base.

Programs for adults and seniors can be set up if there is sufficient need, Thomson said. These could include square dancing for seniors, volleyball and other outdoor sports, and GLO (games of low organization), which take a minimum of equipment but provide a variety of exercise and challenges.

Thomson also hopes a nature trail can be created along ski trails in Glebe Park.

The meeting next Monday gets underway at 7 p.m. and will include brief comments from the recreation committee about its hopes for the coordinator's position, after which the public will be invited to make program suggestions.

Anyone with ideas who is unable to attend the meeting can contact Karen Thomson during regular business hours at 457-1791.

HHSS students head for COSSA, placed in Kawartha competition

A total of 24 competitors from Haliburton Highlands Secondary School have won the right to advance to COSSA track and field competition on the strength of their showing at the Kawartha championships held last Wednesday at Trent University.

Top competitors among the local contingent were Marla MacNaull, Margie Newton, Mike Hatoski, Tony Scheffle and Scott Mitchell, who each won individual events. MacNaull had the best showing, with a first and two seconds as well as a second and fourth in relay events.

Newton set a Kawartha record in the senior girls high jump.

The HHSS team finished fourth overall out of 19 schools with a total of 220 points. In Midget girls competition Karen Miller, Louise Newton and Sandy Walker qualified for the COSSA meet to be held this Wednesday in Oshawa. Miller placed second in shot put and third in discus, Newton finished third in the

400 metre hurdles and Walker finished fourth in the 400 metre hurdles.

Marla MacNaull topped the Junior girls with a first in the 400 metre race, a second in the 800 metre, and a second in the long jump. The 400 metre relay team of Signe Tashlin, Bethany Wood, Suzy Brown and Marla MacNaull also qualified for COSSA with a fourth place finish.

Margie Newton topped the

Community meeting scheduled

Public support needed if Huskies to continue

The future of the Haliburton Huskies Junior C team is hanging in the balance, and unless people in the community indicate that they want the team to continue, and that they are willing to support it, the team may not be able to operate next season.

Recreation committee members Brian Black and Scott LaRue say a public meeting will be held this Thursday night to find out how the community feels about the team's future.

Both men admit that the team has declined over the last ten years, largely because eligible players have been leaving the community in ever-increasing numbers either to find work or to continue their education at universities or community colleges. But they say that if the Huskies are to continue, emphasis will have to be placed on building a core of local players who can attend practices and games regularly.

Under the rules of the Junior C league, into which the Huskies moved last year after the demise of the old 'D' loop, teams are allowed to sign up to four imports. But lack of jobs in the community has made it impossible for the Huskies to attract those imports, the men say.

The recreation committee, which owns the team, now hopes interested business people willing to donate money, time, or both, to keep the team operating, will come forward at the meeting. That core of interested people could form an executive to help direct the team, the men say.

Both LaRue and Black hope

the community responds to the request for help and ideas.

"I think most people would like to see (the team) carry on for the youth around the county," LaRue said, adding that there are many youngsters playing minor hockey who could play for the team in the future if it continues.

Despite poor attendance last season, the cost of operating the team is not expected to be a major factor in determining its future. The team lost a modest \$600 in 1980-81 on operating costs of close to \$5000, and if it had made the playoffs, it may well have broken even or turned a small profit, the men say.

A program booklet initiated last year to help offset operating costs proved suc-

cessful, and will be continued this year if the Huskies ice a team, the recreation committee spokesmen say. Northern Ways bus lines, which provided a bus for the team's away games free of charge, will do so again, LaRue said.

The biggest challenge in the team's future could be to find a coach and manager for the new season. At the moment, no one has come forward to take either job, but the committee hopes that situation will change as a result of the meeting Thursday night.

Anyone with an interest in the Huskies, or minor hockey in general, is asked to bring their ideas and suggestions to the meeting, which gets underway at 8 p.m. at the Haliburton Legion Hall.

Emphasis on having fun, children's league underway

-Submitted-
With the main emphasis on having fun, rather than winning the game, many parents have registered their children to play house league ball through the next few months. Over 150 players signed up last Wednesday evening, braving cold and rainy weather.

The league executive committee says it intends to provide each player with a team sweater for the season including the T-ball players.

Anyone who was unable to register last Wednesday can come at 7:00 p.m. to the Senior Elementary School this Wednesday.

For T-ball (ages 4, 5, 6), see Margo Dixon; Novices, ages 7, 8, see Ruth Lewis; Atoms, ages 9, 10, Bob Fyfe at the high school; Pee Wee, ages 11, 12, Nancy Brink (Senior Elementary); Bantams, 13, 14, Walt Prime, (Ball Park by the arena); Midgets 15, 16, Bill McKay (Ball Park, by the arena). Don't forget the \$2.00 registration fee.

Coaches and assistants are still needed. Anyone interested should speak to the coordinator of the specific age group.

This baseball programme provides many children with a lot of fun activity and a

chance to learn new skills. Everyone plays. Please support this volunteer programme, even if you just come to watch.

Newmarket man wins annual

Ben Mathews

golf tournament

Bob Greenwood of Newmarket was the winner of the first annual Ben Mathews Golf Tournament held at the Lakeside Golf Course in West Guilford on Sunday.

Winner of the "closest to the hole" competition on the sixth hole was Bill Rogers of Harcourt.

The hard luck trophy went to John Thompson of Tory Hill.

Participants in the tournament came from Agincourt, Bradford, Ennisville, Gooderham, Harcourt, Mount Albert, Newmarket, Tory Hill and Wilberforce.

A plaque was presented to owner Sid Cooper by the Mathews family in appreciation for the use of the golf course.

Stephen Dawson wins Silver Certificate award

Stephen Dawson, son of Gerry and Barb Dawson of Haliburton, will receive a Duke of Edinburgh Silver Certificate of Achievement from Lieutenant Governor John Black Aird at a ceremony at Queen's Park, Saturday, May 30.

The Duke of Edinburgh's

Senior Service holds meeting

The Minden-Carnarvon Highlands Senior Service unit of Meals-on-Wheels, hosted a conference at PineStone Inn Wednesday, May 12. The purpose was to thank the volunteer workers of Meals-on-Wheels in Haliburton County and to hear experiences of the five area units.

Ed Pettinger, president of the unit, kept all items progressing smoothly and jokingly. A film on Good Nutrition was shown. Doris McCann, chairman of Haliburton Home Service directed a question and answer period on both the film and Meals-on-Wheels affairs. Coordinators from each unit gave an account of their experiences and happiness in serving the seniors.

Grace was said by E. Bursay before assembling for the luncheon for 96 volunteers.

In the afternoon, Kendra Stamp brought a message from Dr. Lodenquai. Leslie Hardy, field representative of New Horizons, spoke and later held meetings to aid new units. Dr. Bob Heyes spoke on the advantage of seniors being able to remain in their own homes. Mrs. M. Stouffer conducted a sing song. Jack O'dell, one of the required ten directors, thanked Doris McCann, Marie Wallace, Leslie Hardy, Marilyn Stouffer and all coordinators and Meals-on-Wheels volunteers for a 'good day'.

Meals-on-Wheels are served each Monday, Wednesday and Friday. If you know of anyone in ill health or needing assistance, please phone Jane Graham, Minden (286-2024) or Haliburton Home Service (457-2941). Appetizing hot meals are brought for any length of time. The cost is \$2.00 per meal, collected by the volunteer driver and later banked to the service account.

Award Programme is a challenge from Prince Philip to all young people between the ages of 14 and 23 to excel at leisure time activities of public service, journeys of exploration, skills and fitness. There are three awards, bronze for those over the age of 14; silver for those over 15 and gold for those over 17 years of age. The award consists of a lapel pin or brooch of the appropriate metal and an inscribed certificate of achievement presented when all the conditions of the programme have been met. Bronze Awards are presented at the local level by the leader concerned, Silver Awards by the Lieutenant-Governor and the Gold Award by Prince Philip or another member of the Royal Family.

Included in the group of youngsters to be presented to the Lieutenant-Governor are 37 Ontario Army Cadets, 26 Air Cadets, 23 Girl Guide Rangers, 22 students from several secondary schools, 11 Sea Cadets, nine members of Scouting's Venturer section, and two representatives of church youth groups.

Stephen Dawson earned the Duke of Edinburgh's Award at Silver Level as a student at Lakefield College School near Peterborough. Also invited to attend the special ceremony, to be held in the Legislative Assembly, will be parents, leaders and other special guests.

United Church members met at conference

Over 500 representatives of the United Church of Canada will gather in Kingston during the May 22 weekend to discuss various issues at the 57th Bay of Quinte Conference.

Bay of Quinte is one of 12 regional divisions of the United Church across Canada. It has 345 congregations ministering to 35 per cent of the total population in a 25,000 square mile area. Covering 13½ counties, the conference boundaries extend from Pickering to Brockville and north to the Ottawa River, including Pembroke.

Cont'd. page 14

At a recent meeting of Highland Chapter 230, Order of the Eastern Star, Haliburton, the five daughters of Mr. and Mrs. Art Smith of Haliburton, became members. The Grand Officers of Ontario under the leadership of Mrs. Ila Dickson of Brantford, Worthy Grand Matron, and Mervin Booth of Stroud, Worthy Grand Patron, presided at the initiation ceremony held at Haliburton Highlands Secondary School, attended by approximately 200 members of the Order. It is

believed to be the first time in which five sisters have joined the Order together: front row, from left are: Eileen Pripp, Worthy Matron of Highland Chapter, Gail Webb, Barbara Graham, Art Smith, the proud father, Beverly Woods, Marilyn Campbell, Joanne Knudsen and Lloyd Coneybeare, Worthy Patron of Highland Chapter. The proud mother, Mrs. Pearl Smith, an officer of Highland Chapter was unable to be present due to illness.

Eastern Star honours Rose Coneybeare

A large gathering of relatives and friends attended a reception planned by Highland Chapter no. 230 Order of the Eastern Star, Saturday,

Rose Coneybeare

May 2 to honour Rose Coneybeare, who was elected District Deputy Grand Matron of District 21 for 1980-81. The district consists of eleven chapters in Emsdale, Powassan, Parry Sound, Huntsville, Orillia, Bracebridge, Beaver-ton, Sunderland, Fenelon Falls, Lindsay and Haliburton.

Master of Ceremonies for the evening was Jim Harrison, Reeve of Stanhope Township.

Rose Coneybeare was escorted by her twin brother, Raymond Oliver of Toronto, passing through a guard of honour formed by presiding Matrons and Patrons of the present "Good Will" year.

Matrons and Patrons of her own year, Worthy Matron of Highland Chapter, other D.D.G. Matrons and past D.D.G. Matrons, and the present officers of Highland Chapter.

A bouquet of roses was presented to her by her daughter Beverly and granddaughter Jessamyn. She then introduced her family; her husband Lloyd who is the present Patron, daughters Beverly Coneybeare Needham, Linda Coneybeare Wood and husband John Wood, her son John Coneybeare, her mother Mrs. Mary Oliver, her brother Raymond and his wife Joy, and several

other relatives and close friends.

Sharon Crowther, a cousin, sang several solos accompanied by Wm. Gliddon. Piano selections were also given by Marina Pearsell, a well-known local musician, and William Gliddon.

Skits were performed by members of chapters from Orillia, Beaver-ton, Bracebridge, Parry Sound, and Lindsay and a particularly humorous one by Norma Reed of Bracebridge.

Huntsville Chapter presented two Scottish dancers, Heather Ann Ruth and Sherry Lee MacDonald, a very talented pair of young ladies.

Stan McCloud of Sunderland caused some toe tapping with his bagpipe renditions.

Presentations were made to Rose Coneybeare by her husband Lloyd, Eileen Pripp, sister of Lloyd and Matron of Highland Chapter, Lorna Stinson, a gift from the

Cont'd. page 14

Extencicare News by Dr. W.O. Anderson

Monday was a memorable day in that it was the soaker of 1981, a good day for outside transplanting, that is to a bigger pot not committing to the garden. That has been our prime activity in horticulture.

In the evening a few of us were transported by car to the Haliburton Highlands Secondary School where the Salvation Army from the Peterborough Temple were scheduled to give a band concert and as it turned out it was a superb delight. When you get five brass tubas on the stage of that auditorium you know you will get melody if you know the Temple, and those tubas were matched by every other conceivable brass musical instrument. The end result of the training, the discipline and the dedication of each member of the band was a real musical treat, all to the adoration of our almighty maker and his son Jesus Christ. The Salvation Army

itself is a remarkably coherent group dedicated to the service of God and the redemption of mankind in society and in the slums of the poor.

June Devolin conducted Bible study Tuesday morning continuing with the Lord's Prayer, in particular 'hallowed be Thy name'. It is a mystery to us why it seems that many people cultivate the use of blasphemy in their speech as intently as a scholar will cultivate the use of good English words in their speech. Blasphemy is a legal offence but is not prosecuted perhaps because law enforcement officer by and

large may be as guilty as the offender. Rather should we be diligent in often bestowing praise to our maker.

No volunteer helpers were on hand for Tuesday's bingo, but Barbara Ramsay filled in very well with the help of Pat Burk, Ray Smith and Allan Macklin did the calling.

This year all of the residents are to get into the act of planting the flowers if they are at all able. Nothing will stimulate their interest in plants as planting them. If a wheel chair occupant is able to retrieve a bit of tissue off the ground they can just as easily plant a plant and we

The week of activities began at Hyland Crest with our regular fun and fitness session. Everyone had fun while exercising to music. It's nice to see our new residents participating. Monday afternoon the ladies gathered in the craft room to work on their projects. We're very proud of the lovely bazaar items our ladies are producing.

Tuesday morning, it was a pleasure to welcome Rev. John Burgess to work on their projects. Rev. Burgess brought John Lambshed, who is a student in the ministry with him. Mr. Lambshed brought forth a beautiful message which was enjoyed very much by all who attended the service.

Later in the afternoon all our bingo fans gathered in the main lounge for a game. Bill Payne and Eldon Deacon entertained later in the evening for music night. As usual everyone had a few laughs and enjoyed their music.

Games night was a big success again this week. Our auxiliary members were here to assist the residents and join in games of euchre, cribbage and crockinole.

This week's movies were very good. Voyage of the Hummingbird was filmed in Trinidad and Tabago. We went on a tour of the Caribbean islands on board the Hummingbird. These islands are among the most wealthy

SHOCK TALK

Sailing safely through summer means watching for overhead powerlines.

When you're launching your boat or when it's on the water, don't make the fatal mistake of letting the boat's mast or antenna touch overhead wires.

It could knock the wind out of your sails, forever.

Safety around electricity is no shock to you.

DISTRICT NEWS

Gooderham News

by Mary Hadley

Gooderham school children celebrated Arbor Day in the traditional manner, cleaning the yard and planting trees and shrubs in the circular driveway. The mothers were invited and helped in the clean-up. One of the fathers kindly brought a load of topsoil. So we will be interested to see the rewards of these labors.

On Friday the Grade 4's visited Wilberforce school to hear a speaker from Lindsay on anti-smoking. Kindergarten and Grades 1 and 2 are studying about pioneer life and following up with pioneer games and such activities as making butter. Grades 3 and 4 are learning about Japan and presenting a Japanese festival. Registration for Kindergarten showed only three to attend in September. Orientation Day for these students will be on June 10 which should prove quite exciting and enjoyable for the three entering school for the first time.

Mr. and Mrs. Cliff Inglis, of Peterborough, were guests of Mr. and Mrs. Aldridge Hunter before leaving for an extended holiday in England.

Mrs. Louis Mintz celebrated her 85th birthday on Mother's Sunday at the home of her grandson and his wife, Mr. and Mrs. Eddie Hunter. Present for the happy occasion was a group of 65 which included all her family, Dorothy of Carleton Place, Edna of Orillia, Margaret and Ira of St. Catharines, Vivian and Blair of Lindsay, Gwenie and Eddie of Arnprior, Gladys and Aldridge, Mable and Clifford and Priscilla of Gooderham. Grandchildren and great grandchildren helped make the day one to remember. Among the gifts were a dozen red roses and a three speed fan for her bedroom. Congratulations Mrs. Mintz and best wishes for continued health and much happiness in the years ahead.

Glamorgan Community Centre is progressing well and looking very attractive. Concrete floors are all poured and the septic system is about finished. The outside siding is completed and looking quite unique. The south side where the solar heat panels will be installed give the structure an impressive look.

Each week we see more of our summer residents returning. It was pleasant on Thursday to meet Mr. and Mrs. Nelson Jackman who had just arrived at their cottage on Trooper Lake.

We welcome Jim Lee to our community. He is staying in the cottage of Mrs. A. Prentice on Pine Lake and working at West Guilford until his return to college in the fall. His parents are spending the holiday weekend at the cottage with him.

Miss Ruth Davy of Vine-land spent last weekend with Mr. and Mrs. Tommy Dovell.

Miss Grace Maxwell of St. Catharines spent the Mother's Day weekend with her mother, Mrs. Ruby Maxwell. Other guests were Mr. and Mrs. Ron Cooke of Barrie and Mr. and Mrs. Aubrey Maxwell of Minden. Mrs. Maxwell, with her daughter, Grace, were Mother's Day guests of Mr. and Mrs. Aubrey Maxwell in Minden.

Mike Collins is director of a play "A Shot in the Dark" being presented by the Highlands Little Theatre group in Haliburton Secondary School on May 28, 29 and 30 at 8 p.m. This humorous play promises to be a good production and it is hoped many will avail themselves of the opportunity to enjoy it.

After 28 years with Curry Motors Body Shop, Dan Dewey has retired and enjoyed a dinner and presentation in his honour. We wish Dan good health and happiness in his retirement years.

Baseball season has started and we hope for warmer weather for both players and fans. Karen Franke is captain of the Gooderham girls baseball team. The first home game was May 20 when Gooderham met the Minden Juniors. The girls will appreciate your support.

Mr. and Mrs. Mossom Madill, Mr. and Mrs. Bob Madill and Mr. and Mrs. Murray Madill were at their cottages on Pine Lake last week.

We are sorry to report that Mrs. Albert MacDuff is quite ill at Sunnybrook Hospital and that her husband is a patient in Ross Memorial Hospital, Lindsay.

Trilliums have been sprouting up throughout the forests in the county for the last couple of weeks. But remember not to pick them as it takes them seven years to regenerate.

Wilberforce News

by Winnie Schofield

At the Harcourt Hall recently a mother and daughter banquet was held with members of the Brownies, Girl Guides and Pathfinders participating. A most enjoyable dinner was provided by the

parents of the girls. There was a presentation of badges and service stars and May Ann Jordens was enrolled as a Girl Guide.

Later a film was shown relating to Arcabana, the Girl

Guide house in Mexico, with the theme of friendship among girls of many nations. Ruth Hopwood, who has been a faithful helper to the Guides for a number of years is

Chatting with Irene

by Irene Moore

The May holiday weekend is over, and on the whole wasn't too bad weatherwise. Sure it was cool but one doesn't mind that when the sun shines and it did a good job of that. The dandelions were out full force as well as the bugs and the grass had to be cut for the first time. Now as soon as the ground warms up and dries up; in go the flowers, and vegetables! Then starts the work, cut the grass, weed the garden and go to bed every night tired out.

Mr. and Mrs. Wayne Van Volkenburg and family of Havelock visited with Mr. and Mrs. Don Berry over the holiday.

The figure skating club bake sale last Saturday was a success, no baking left and a nice profit.

The concert at the arena Sunday night was also a success, and enjoyed by all even those of us who stood outside our homes and listened to the music.

Mr. and Mrs. Arnold Stamp of Tory Hill spent mother's day with Mrs. Irene Stamp.

If any of you read Lotta Dempsey's "Age of Reason" column in last Saturday's Toronto Star, you might be interested in hearing that Mr. and Mrs. Ken Watts own a home on Highway 35 just north of this village. By the way, congratulations Mr. Watts on reaching "The age of reason".

This coming Saturday, May 23 will be a busy day for the ladies of the Minden Senior baseball team for they are having a bake sale at the Dixie Lee Restaurant, and a car wash at Austin's Esso station; it all starts at 10 a.m., both places. So drive up and have your car washed for \$2,

then on the way back stop and buy your goodies for the weekend. This way you can help the ladies get their matching uniforms for the baseball season, and save yourself some work!

Mrs. Marjorie Francis held a birthday party at her home last Sunday for her father, Jim Minaker. A number of friends and relatives gathered to wish him happy birthday.

Mr. and Mrs. Glen Sears and family of Oshawa, spent the holiday weekend with Mr. and Mrs. Milt Sears.

The Martha group of Minden U.C.W. will meet at the United Church Hall on Wednesday, May 27 at 7:45 p.m.

Mr. Lewis Hewitt of Australia, was in the village over the weekend before returning home.

Don't forget that this Friday and Saturday, May 22 and 23 there will be a rummage sale at St. Paul's Parish Hall.

Mr. and Mrs. Peter Hynard are happy to have their 92 year old grandfather, Jim Harrower, visiting with them for a few weeks. Jim says he plans to help Peter get in his wood for next winter while he is here. "Good luck men".

I had the good fortune of taking my five year old granddaughter up to the public school last Friday morning to see the "Friendship Fable". This story was excellent and put on by a professional group from Toronto. The pantomime complete was done by Maureen Rooney and the other part was played by Robert Morgan. The children - kindergarten, grades 1, 2, 3, 4 - really enjoyed this fable. I had to shake my head several times when I came out because of the reception

given the players, but even the adults enjoyed it.

Mr. and Mrs. Blake Hughes and daughters of Mississauga spent the weekend with Mr. and Mrs. Robert J. Hughes.

Fresh Pickled Cucumber Slices - great for salads. 2 long English cucumbers (sliced but not peeled), 1 tsp. salt, 1/2 cup vinegar, 1/2 cup water, 3 tbsp. sugar, 1 tsp. mixed pickling spice, 1 medium onion sliced. In a bowl, toss cucumber slices with salt. Let stand at room temp. one hour. Drain liquid from cukes, rinse quickly in cold water, pat dry on paper towel. Mix water vinegar, sugar and pickling spice in saucepan, bring to a boil, boil 3 minutes. Pour hot liquid over cukes in bowl, add onion rings. Cover and refrigerate overnight. Makes 4 cups.

Miss Rene McCune of Stone Mountain, Georgia, who is a friend of Steve Crowe, is holidaying in Minden this month and is staying with Steve's grandmother, Mrs. Beulah Hewitt.

Those of Minden's Women's Institute who attended the Victoria east district annual on May 12 were Mrs. Rheta Brown, Mrs. Freda Hulbig, Mrs. Jeanne Sears, Mrs. Joyce Hewitt and Mrs. Mary Cox.

Lloyd Johnson recently spent a week with his mother at Moncton, N.B.

This Saturday, May 23, children's movies will be shown at the fire hall from 2 - 3:30 p.m. Pop and pop corn will be on sale to aid the library fund. Come and bring some friends.

Mr. and Mrs. Lloyd Brownridge of Scarborough and grandson Billy spent the holiday at their cottage.

The guest speaker at Minden U.C.W. meeting on May 6 was Patricia Young of Barrie who is a public relations officer for the March of Dimes. Her slides and talk were very interesting. The devotional was on the topic "The Worth of a Woman" and several members helped with the devotional.

Cont'd. page 10

BASKETRY WORKSHOP

The course is an introduction to the art of Basketry using round cane. During the day students will make a tray with a braided border and a basket with naturally bound materials. Students who would like to work with natural materials please contact us for a list.

Location: Rails' End Gallery

Date: June 6, 9:00 - 4:00 p.m.

Fee: \$20. Includes cane and basic materials

Instructor: Miriam Lewis has attended several workshops taught by professionals and has instructed workshops in Lindsay and Haliburton.

KITE MAKING FOR CHILDREN

Kids in this day workshop will learn to make a variety of different kites out of handy materials and will learn to fly them.

Location: Rails' End Gallery

Date: June 27, 9:00 - 4:00 p.m.

Fee: \$10.

Instructor: Gary Woodcock is flight officer of the Toronto Kite Flyers Association and a director of the American Kite Flyers Association. Gary is an experienced kite flyer and maker and has taught workshops throughout Ontario.

NAVIGABLE WATERS PROTECTION ACT

R.S.C. 1970, Chapter N-19

THE HALIBURTON COUNTY SNOWMOBILE ASSOCIATION hereby gives notice that they have, under Section 8 of the said Act, deposited with the Minister of Transport, at Ottawa, and in the office of the District Registrar of the Land Registry District of the Provisional County of Haliburton at MINDEN, Ontario, a description of the site and plans of a bridge and its approaches proposed to be built over the Irondale River at GOODERHAM, Ontario in front of Lot Number 21, Concession VI, in the Township of Glamorgan in the Provisional County of Haliburton.

And take notice that after the expiration of one month from the date of the publication of this notice the HALIBURTON COUNTY SNOWMOBILE ASSOCIATION, will under Section 8 of the said Act apply to the Minister of Transport, for approval of the said site and plans.

Written comments should be directed to: Director, Aids and Waterways Branch, Canadian Coast Guard, Department of Transport, OTTAWA, Ontario.

DATED AT Minden this 4th day of May, 1981.

Tom Prentice, President
Haliburton County Snowmobile Association

HALIBURTON COUNTY BOARD OF EDUCATION FINANCIAL STATEMENT

DECEMBER 31, 1980

TO THE HALIBURTON COUNTY BOARD OF EDUCATION

We have examined the Balance Sheet of the Haliburton County Board of Education as at December 31, 1980, the Revenue Fund Statement of Operations and the Capital Fund Statement of Operations for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion these Financial Statements present fairly the financial position of the board as at December 31, 1980 and the results of its operations for the year then ended, in accordance with accounting principles generally accepted for Ontario school boards applied on a basis consistent with that of the preceding year.

BALANCE SHEET AS AT DECEMBER 31, 1980

Capital Expenditures from Revenue Fund	\$ 132,757	\$ 24,127
--	------------	-----------

NOTES TO FINANCIAL STATEMENTS

for the year ended December 31, 1980

1. ACCOUNTING POLICIES

(a) Accrual Accounting

The accrual method for reporting revenue and expenditure has been used with the exception of reporting of charges for net long-term liabilities. Principal and interest charges are not accrued from the due date of payment to the end of the fiscal year.

(b) Fixed Assets

Fixed Assets are charged to current expenditure unless financed by long-term debt. Principal and interest charges on net long-term liabilities are included in expenditure in the period due.

2. RESERVE FOR WORKING FUNDS

The reserve for working funds at December 31, 1980 is applicable to the elementary and secondary school operations of the board as follows:

Elementary	\$ 112,000
Secondary	133,000
	<u>\$ 245,000</u>

3. LIABILITY FOR SICK LEAVE BENEFITS

Under the sick leave benefit plan, unused sick leave can accumulate and employees after a certain period of employment (teaching staff - 10 years, non-teaching staff - 5 years) may become entitled to a cash payment of 50% of the unused credits to a maximum of 50% of annual salary when they leave the board's employment.

These accumulated days, to the extent that they could be used to determine the cash payment to an employee on terminating, amount to \$726,600 as at December 31, 1980 (\$584,610 as at December 31, 1979). No provision has been made on account of the sick leave benefit plan.

The amount paid in the current year in respect of the sick leave benefit plan was \$14,258 (\$3,833 in 1979).

4. NET LONG-TERM LIABILITY REPAYMENTS

Of the net long-term liabilities outstanding of \$1,354,000 principal amounting to \$570,000 plus interest amounting to \$425,768 is payable over the next five years as follows:

	Principal	Interest	Total
1981	\$ 102,000	\$ 100,745	\$ 202,745
1982	109,000	93,385	202,385
1983	111,000	85,510	196,510
1984	120,000	77,430	197,430
1985	128,000	68,698	196,698
	<u>\$ 570,000</u>	<u>\$ 425,768</u>	<u>\$ 995,768</u>

5. DEBT CHARGES AND CAPITAL LOAN INTEREST

The Revenue Fund expenditure for debt charges and capital loan interest includes principal and interest payments as follows:

	Elementary	Secondary
Principal payments on long-term liabilities	\$ 103,100	\$ 19,000
Interest payments on long-term liabilities	104,412	4,960
	<u>\$ 207,512</u>	<u>\$ 23,960</u>

The residents of Haliburton County weren't the only ones who enjoyed a reprieve from the week-long rain. These calves were taking advantage of the warm weather and delicious spring grass last Thursday.

Farm News and Views

About 960 head of yearling cattle were placed on the Victoria County Community Pasture last week.

These animals have come from over 100 different herds across the area. It is interesting to observe the cattle as they arrive. There are some very marked differences in how cattle owners manage their herds.

Probably the biggest difference is in the size and weight of cattle. Generally, these animals are 12 to 16 months old, with a few being younger. Some animals still weigh less than 400 pounds, while others weigh twice this much. Some cattle are much taller than others even when they are of similar breeding. It appears that some cattlemen still don't understand that you have to feed calves differently during the winter, than you feed cows. Calves must have adequate protein in their feed if they are to grow properly.

The occasional group of calves have been too well fed, and arrive at the pasture with lots of fat on them. This is a waste of feed, as those animals will lose most of that fleshing in the next month or so on grass.

General management techniques also vary.

Some steers were still bulls. In fact, at least 2 lots of cattle were sent home because they were not castrated. The best time to castrate calves is soon after they are born. Then they are easier to handle for the farmer, and there is very little stress on the calf from the operation. The alternative is at round-up time in the fall when the calf is 6-8 months old.

Some animals have not been dehorned. Again, doing this when the calves are small is easiest for both the farmer and the animal.

We are still finding some warble grubs on cattle. Usually these are grubs which escaped the treatment with a systemic insecticide last fall. But a few cattlemen apparently didn't bother treating last fall. They not only have lost gains during the winter, but now they run the risk of infesting their animals, and

all their neighbours this summer, if those warbles are not killed before the infected cattle go on to pasture.

These are a few interesting observations watching the cattle going on to the Victoria County Community Pasture last week.

New Junior Farmer Club Organizing in Victoria County
Enthusiasm for junior farmers is growing in Victoria County. 40 young people turned out recently to a junior farmer organizational meeting for young people in the Little Britain, Oakwood and Woodville areas.

Victoria County has two active clubs. One is in the Lindsay-Omemee area and the other covers Fenelon and Bobcaygeon.

Now there is interest in forming a new club in the west part of the county.

Junior farmer members are between the ages of 15 and 29. They carry out sports, recreational and community betterment activities.

A meeting is scheduled for Wednesday, May 27, 8:00 p.m. at the Oakwood Hall. Anyone interested in joining a Junior Farmer Club in this area is welcome to attend. The executive of the Victoria County Junior Farmers' Association will be discussing the junior farmer program. The new club will be organized at this meeting.

What will this club be called? Bring along a suggestion.

Kinmount Korner

by Millie Moss

Welcome home to Bill and Win Wilson who have been visiting in Kentucky and other points north. A couple of our citizens in hospital this past week are Mary Phillips in Scarborough Centenary Hospital and Ken Hyams in Minden Red Cross. Get well soon folks; it's just not the same without you.

Oro Station was the scene of a happy family gettogether this past week when Dave and Irene McNamara celebrated their 55th wedding anniversary on May 5 and their youngest son and his wife Ted and Irene celebrated 15 years of married life on May 7. Then, as some members of the family had not seen Ted and Irene's new home previously, it was a good time to show it all at one time. Of course, as there were approximately 25 guests present including seven of the 11 grandchildren and two of the three great grandchildren, what better time to include Dave's upcoming birthday on May 12 and also Mother's Day? The whole day was enjoyed thoroughly by all.

Happy birthday, also on May 12, to Nora Brandon.

The Happy Wanderers will be in concert at 7:30 p.m. on Thursday, May 28 at the Lions Hall in Cobocok. As usual there will be the beautiful varied program and this year special guests will include the Senior Dixieland Band of Fenelon Falls Secondary School. The program should last about two hours and refreshments will be served as you visit with friends and get to meet the guests. Come out and enjoy the evening.

You often hear of this being a small world we live in?

Well, on our family's trip back from the West, our son went into a police station in WaWa and while there, a corporal walked through, eyed him and came back and asked his name. Upon answering the question the corporal stuck out his hand and said "last time I saw you was when the gasoline cans blew up in your face." That experience was when this corporal and our son were about seven or eight years old and our son now is heading up to 40.

Ruby Holbrook has her sister Dorothy London, visiting for a few days.

Mr. and Mrs. Carl Jordan of Lorneville, drove their daughter to Whitney, Ontario one day last week where she will be with the MNR. On their way home they stopped for a visit with long-time friend, Ruby Schell, in Kinmount.

Les Schell took the St. James Sunday service for Father Brooks who was in Peterborough a week ago.

Ruby Schell spent her mother's day having dinner at Betty and John Lonsdale's home where she enjoyed it immensely.

Another date to remember: May 23 from 4 p.m. to 7 p.m. at the Kinmount Legion Hall. It's the spring salad supper and gift table, sponsored by the Kinmount U.C.W.

Mr. and Mrs. Harold Scarlett of Kinmount celebrated their golden wedding anniversary, Saturday, May 9, 1981. Their day started with a mass said in their honour by Father Ray Hart, at St. Patrick's Roman Catholic Church. Jason Scarlett, Lori and Jeffrey Gosselin assisted Father Hart in the mass for their grandparents. Mrs. Ed-

mund Allen, maid of honour at the couple's wedding was also in attendance. Mr. Allen, the best man is deceased. A dinner and dance was held in the Galway Community Centre. Albert Allen was master of ceremonies. Grace was said by Wm. Scott, M.P. for Victoria-Haliburton County.

Mr. Allen read messages of congratulations received from Rev. C.R. Kay of Peterborough, John Eakins, M.P.P. for Victoria-Haliburton, Jim Pollock, M.P.P. for Hastings-Peterborough, Joe Clark, Leader of the Opposition, Patricia Noonan, corresponding secretary for the Catholic Women's League and Papal Blessings from Pope John Paul II. Music was provided by Woodrow James and his band of Bobcaygeon. During the evening presentations were presented to the couple by Wm. Scott from the Governor General Ed Schreyer and from Mr. Scott, Jim Pollock, M.P.P. for Hastings-Peterborough presented the couple with a plaque from Premier Wm. Davis of Ontario. Carl Brickman, Reeve of Galway and Cavendish presented township pins and a letter of congratulations on behalf of the ratepayers for Mr. and Mrs. Scarlett's many years of dedication and contribution to the community. On behalf of the senior citizens of Kinmount, Mrs. Ambrose Watson presented a gift of money. Paul Jones, on behalf of the neighbours of the community presented a lawn swing.

Mr. and Mrs. Scarlett have lived and farmed in Galway all their life. They have five children, John of Kinmount, Mrs. Gary Gosselin (Sheila) and Raymond of Peterbor-

ough, Bob and Allen of Oshawa; thirteen grandchildren and one great granddaughter.

Relatives and friends attended from Toronto, Oshawa, Peterborough, Lindsay, Bobcaygeon, Fenelon Falls, Burnt River, Kinmount and Janetville.

I was sorry to hear Grace Simmons is still in the Minden Red Cross.

By the time I got towards the end of this column though the good news arrived that Ken Hyams, although a little weak and shaky, came home from Minden Red Cross.

Joyce, Jack and Ernie Hills of RRI, Kinmount, enjoyed an evening recently at Mr. Fogg's Restaurant as guests of Mrs. and Mr. John Eakins, M.P.P.

Ruth Menard has been visiting with a sister in Thunder Bay and Mary and Jim Gillis have been down east recently.

The C.W.L. euchre scores, at St. Patrick's Hall last week were: ladies' high: Nora Crego, ladies' low: Clara Watson, men's high: Nora Brandon, men's low: Norma Hamilton, most lone hands: Nora Crego.

Weekend guests of Clara and Ambrose Watson were Sharlene and Stephen Fountain of Oshawa and Beaulah, Arden, Bernie and Darlene Dracup of Peterborough.

At the senior citizens gathering at the Kinmount Legion last Thursday, Ambrose Watson was feted with a beautiful cake, made and decorated by his niece, Aileen Brown, who also made a very nice speech to her only living uncle. A very nice time was had by all who joined in helping Ambrose through his eightieth.

Couple found in old farm house

A Queensville couple have been charged with breaking and entering after a police officer discovered them in an unoccupied farm house.

Glenn Richard Harvey, 30, and Shirley Cheryl Harvey, 36, were found in an upstairs room of the house near Minden.

A policeman passing the

farm house noticed a car parked in the driveway and started to investigate. Entering the house through an

open window, he found two people inside.

The incident occurred at 10 a.m. on Saturday.

Council wants A,H&M office open

After council received complaints from some taxpayers who wish to do their business during lunch hour,

the Anson, Hindon and Minden municipal office will now be open during the lunch hour.

Cont'd. page 14

Wilberforce News

from page 8
leaving us soon and was presented with a plaque from the Guides and the Brownies.

You will enjoy the U.C.W. spring supper that takes place this coming Saturday, May 23 at the Lloyd Watson Memorial Centre. Dinner begins at 4:30 and you won't be disappointed if you have an advanced ticket to this popular event.

Your local library branch in Wilberforce has been able to obtain the film called "The Making of Star Wars" which will be of interest to young and old alike. Also being shown is an old favourite of the children, "The Mole and the Rocket". This program is

slated for May 29 beginning at 7 p.m.

The Kinsmen had a successful auction on Saturday, May 16. Although the weather was cool there were no showers to spoil the enthusiasm. The auction took place in the fire hall. In the Memorial Centre a flea market attracted a good crowd of people. A dance in the evening was well attended and finished off a busy day.

After writing last week about the availability of leeks in our woods I heard a radio program with a talk about leeks and was surprised to learn that just like everything else they are becoming more

scarce every year, so it was wrong to encourage people to take to the woods and pick large quantities of this natural plant. The leek has a bulb like a trillium and will not grow again after being picked or when the plant is cut. So, perhaps you had better stick to store bought onions.

Try to make our municipality beautiful this year with fresh paint and lots of flowers. We are expecting many visitors to the area this year.

HALIBURTON IGA MARKET

From the Chamber

from page 5
bright new one reading "Minden House". Dick and Laura Kirkwood are now enjoying a well earned retirement and the establishment is now operated by Stan and Marion Hill who have moved here from Brampton.

Also from Brampton, and moving into the resort business are Ray and Gail Larkin who now own Glenroy Lodge. Fred and Rose Britain have retained their home adjacent to the property and just now are simply planning a nice long holiday.

South of Minden we are pleased to see that the Wagon Wheel Motel and Restaurant is open and operating once again. Albert and Dora Foster and their daughter and son-in-law Glenn and Margo Davis have purchased it and are quickly getting everything rolling again.

In Minden we are also pleased to welcome Barry Stewart as a new member. Barry operates Minden Electric and after many years of cottaging here has now set up permanent shop and housekeeping.

Another pair of summer residents, Earl and Jean Brickell, who have been holidaying on Kushog Lake for countless summers have purchased the former Waterlot Marina and Snackbar at Ox Narrows and renamed it Rockside Resort. They hail from Scarborough and Earl's father has operated Brickell's Cottages on the same lake for many years.

Joe Hughes became well-known as a top notch butcher during the years he toiled behind the meat

counter at Welch's Market east of Carnarvon. After both Joe and the market went their separate ways they have now been reunited with Joe as the new owner and the name will not be changed to "Rancher's Market".

Over in Haliburton Village residents and visitors have been watching for over a year as a new restaurant slowly and painstakingly took shape on the main street. Quietly the new establishment opened its doors to the public for the first time this weekend under the name of "old Country House". Come and see for yourself.

Out on Head Lake there was also some new signs of activity as little paddle boats bobbed about in the water. Rosynda Adventures, a project of Mike Easton and Vince Connaughan, is now renting the paddle boats at the government dock each weekend and will do so daily throughout the summer.

The Pop Shoppe in Haliburton has now re-opened and the new proprietor is George Clarkson. George is calling it the "Pop and Top Shoppe" since he will also be carrying a line of

custom printed "Tee" shirts along with records, tapes, cigarettes and chips.

Just north of the village it is great to see renewed activity at the former site of Hyland Lumber. Bill Emmerson and Rick Bain have taken over the property and are setting up the operations of Pelaw Logging. They are planning some new facilities on the site and anticipate creating new employment in the area.

Last, but certainly not least, we are pleased to welcome James Chalk to the county. James is qualified in service to refrigeration both residential and commercial and also is equipped to install and service air conditioning and heat pumps. He will be operating from his home at Ox Narrows.

We wish all of these new entrepreneurs much success in the business community of the Highlands.

Anson, Hindon & Minden hold meeting

At the most recent meeting of Anson, Hindon and Minden council, the following matters were considered:

Council considered a petition from residents in the area objecting to a proposed race track to be built in the Minden fairgrounds. The petition cited the availability of a wide variety of summer and winter sports activities, excessive noise and devaluation of properties as the reasons. Council agreed that a multi-

purpose track should not be built within the village and the clerk was directed to notify the group accordingly.

A. Brubaker of the Minden and District Horticultural Society attended council with respect to the society's 1981 programs.

The horticultural society will be allowed to landscape and beautify the lot on which the Minden Cultural Centre is constructed and will also be permitted to construct path-

ways leading from the centre to Minden approved park to an area that they wish to develop as a nature park. These projects are to be developed in conjunction with the municipal parks department and the Minden Kinsmen Club.

Gull River

from page 3
the gabion baskets but noted the work might not be completed until autumn.

Council is also hopeful the MNR's request for \$5,000 for the project will be approved and that junior rangers can be available for part of the work in July.

Tender information was received from the Provisional County of Haliburton.

Council accepted the tender of Ken W. Morris Ltd. to supply approximately 25 tons of liquid calcium chloride at \$144.90 per ton and 12 tons of bagged calcium chloride at \$183 per ton.

Council accepted the tender of Chevron Asphalt Limited to supply 1,000 gallons of patching emulsion at a cost of \$.99 per gallon.

Council also accepted the tender of Canam Oil Services to supply 37,000 Imperial gallons of non-asphaltic road oil at a cost of \$7.4 cents per gallon.

Three tenders were received for the supply of a six ton

diesel truck with snow plow and harness. A committee of three was appointed to review the tenders and report to council.

The municipality agreed to sell fill and sand from the municipal pit in Lot 13, Concession A, Township of Anson for 30 cents per cubic yard. This price shall apply for the year 1981.

Steve Berry attended council to discuss the possibility of

installing gabion baskets adjacent to his property at the Portage Bridge. Council agreed that severe erosion was evident and MNR would also be contacted to assist with this program in 1981.

J.O. Jackson was present regarding the water consumption invoice for the new Minden Curling Club. A resolution was passed and in the interim the club is to investigate the installation of

a water meter as well as propose reasonable monthly rate for water. Council agreed to charge the new curling club

WE HAVE THE ANSWERS!

PAULA MORENO SPANISH DANCE COMPANY
Monday, November 16, 1981

"Electric feet, Spanish style". The company has grown into the foremost Spanish dance ensemble in Canada. Its wide appeal for audiences of all ages was proven on its first cross country tour in 1975, where the sold out houses applauded the colour, style and excitement of Spain that the company represented. Since 1975 the company has been very active, consolidating its reputation through performances in Ontario and Quebec, in concert presentations and as guests with leading symphony orchestras.

MARIE JOSEE SIMARD
Monday, December 7, 1981

"A lively and vibrant performance ... Dexterity, yes, but above all, sensitivity, gentleness, and even complicity between an instrument, an artist and an audience." Marie Josee Simard's talent expresses itself in a witty blend of classical, jazz and folk. Her two Northern Ontario tours have won new audiences, along with those from Quebec, for her dynamic combination of xylophone, marimba and vibraphone with piano accompaniment. It is rare that we hear about percussionist soloists and we almost never hear about one who is a charming young lady.

CLIMAX JAZZ BAND
Friday, April 16, 1982

"An intense band, which shows its experience ... in that crisp sound perfected by early Chris Barber bands, with bright, tight swing..." Canada's most popular traditional jazz band, like many New Orleans revival bands, doesn't use a piano. This gives the very crisp, clear, tight sound, that has thrilled audiences throughout Canada, the U.S. and Britain. The Climax Jazz Band has appeared regularly on the "Bob McLean Show", "Morninside", and in the Peter Appleby traditional jazz shows.

GUILD CHORAL SOCIETY
Wednesday, May 5, 1982

The Haliburton Highlands Guild of Fine Arts Choral Society has entertained many audiences over the past few years with their mix of traditional, classical and popular music. Last year's subscribers thoroughly enjoyed the Society's performance and we are pleased to include it in this year's series.

Tickets by subscription only - \$18.00. Call or write the Rails' End Gallery, Haliburton.

BOWES & COCKS LIMITED REALTOR

COMING EVENTS

"STRIKE THE ORIGINAL MATCH". This film offers a candid view into the lives of seven couples, some of whom were on the brink of divorce. This moving documentary takes you from the shambles of burned-out marriages and shows not only how the love and power of Christ saved their marriages but totally enriched them beyond their expectations. To be shown at Lakeside Baptist Church, Sunday, May 24, 8 p.m. 23-CA-20

RAILS' END GALLERY

UNDER THIS ROOF May 5-23 On display will be a selection of photos of old Ontario houses as well as early Haliburton County homes.

SATURDAY, MAY 23 10-4 p.m. Bring your family treasures for identifying and dating. Experts on hand will be Ross and Barbara Carver of Highland House Antiques and Phyllis Gabb, well-known antiquarian.

REMEMBER: Our Art Library is now open. 23-CA-TF

PERSONAL

A sincere, middle-age male is tired of living and travelling alone, wishes to meet a loving and attractive lady 30 - 40, to enjoy new home and the finer things of life, for a lasting relationship. Sincere responses only. Non-smoker please. Send name and telephone number to Box "C", The Haliburton County Echo, Box 360, Haliburton, Ontario, K0M 1S0. 26-P-20

THANK YOU

Bill and Rae Moore of Parish Line, Haliburton, would like to thank all neighbours and friends who so generously gave of their time, and hospitality in welcoming to Haliburton, Bill's sister Edith Naris, and her son Gordon, of England.

A special thank you to Claude and Gail Parish and for the lovely write-up and photography by the Haliburton Echo through their photographer and reporter, Sue Cooper.

Thank you, one and all, from the bottom of our hearts. Such hospitality will be greatly treasured. Bill and Rae Moore 27-P-20

THANK YOU

Mountain St./Lake Ave. area. Your kindness and generosity will always be remembered as we continue our lives together. Thank you. Michael and Laurie Wood 27-P-20

THANK YOU

Mr. and Mrs. Harold Scarlett of Kinmount thank all their wonderful friends and relatives who sent cards, gifts and flowers and helped them celebrate their golden wedding anniversary. Many thanks to all of you and may God bless you. 27-P-20

WEDDINGS

Jack Saunders and Cindy Eastman wish to invite friends and relatives to their wedding dance on Saturday, May 23, 1981, Minden Community Centre (downstairs), 8:00 p.m. 30-P-20

IN MEMORIAM

COWAN - In loving memory of a dear friend, Valerie, who was accidentally killed May 23, 1971. To a friend who will always be thought of, yesterday, today and tomorrow. Your friend, Jean. 32-P-20

WALKER, Ronald - In loving memory of our dear son and brother, Ronald Walker, who passed away May 18, 1980. A wonderful son, brother and aid. One who was better God never made. A wonderful worker, loyal and true. One in a million, that son and brother was you. Just in your judgement always right. Honest and liberal, ever upright. Though his smile is gone forever. And his hand we cannot touch. Still we have so many memories. Of one we loved so much. His memory is our keepsake. Which we will never part. Sadly missed by mother and dad (Florence and Robert Walker), and brother Basil and family. 32-P-20

NOTICE TO CREDITORS

Extendicare News

from page 7
have some ready right now to do this such as sweet peas or allysum. We will keep you posted as to the outcome, especially how much enthusiasm is generated. Here is hoping the olive branch works.

Wednesday Bert and Eva Howe transported Alice Hartle and Watson Anderson to Locarno on the Lake for a super dinner given to senior citizens and the Happy Gang of Extendicare. It was a very nice dinner of breaded veal cutlets, vegetables topped off with a dessert of fruit cocktail on cubes of jelly. The coffee was superb. Locarno will have a much nicer smile this summer with all that face lifting to the main buildings. It is too bad that we do not have available the list of the other Happy Gangers with their transporters. Just the same we owe them much.

When we got back to extendicare we found a beautician busy face lifting the ladies and they were enjoying it. Things are still looking up. Virginia Gentle, distributor for Mary Kay beauty aids, called in our absence and started to work at once, and although our ladies are too much the worse of wear for beauty as are the men, still a little touching up has a fair to middling chance of improving matters.

In the evening we greeted Nancy Picard and Peggy Neville, bringing with them those amazing talents which

when displayed make us feel better. Nancy's remarkable piano keyboard technique and Peggy's vocal agility keeps us hopping and that is what we like. The old favourites become new favourites as say - 'silver threads among the gold'. Keep coming girls, we cherish you.

Rev. Merv Kurtz, pastor of the Full Gospel Lighthouse in Haliburton conducted the devotional period Friday morning. His wife Pam and daughter Bamby provided the piano accompaniment to the singing. The theme was taken from Psalm 103 in which David the Psalmist not only praises but blesses the Lord for what he has done and he is doing as the height of the heavens above the earth and from everlasting to everlasting. Jesus in his most terrible atonement and be-

cause of his conquest is our surety that we will be forgiven if we only believe in him.

Two movies were shown in the afternoon, Ray Smith projectionist, 1. Great Plain, meaning what we call the Canadian prairies. It gave a movie sketch of what it is like to work and live and tour the great plains, with some uncertain weather. The dust storms, the stormy winters, their fields of wheat, their enormous tar sands, both welcoming and forbidding. 2. Enchanted Isles of the Baltic, showing the many tourist attractions in Scandinavia. Showing these films is the next best way of getting us there.

The Rev. Amos Brubacher of Minden and president of the Minden horticultural society paid a visit to extendicare, maybe trying to learn

what progress we are making on our own in horticulture. He seemed pleased, especially with the site of a possible greenhouse that could be erected on Dysart at park property. However it cannot be at least at that point because that is where the big snow plow has to turn at this end of Park Street. Even our plans for the extension of our shed will need to be scrapped for the same reason. The shed cannot be extended the other direction

without taking out one of extendicare's light standards, a colossal job, and putting it in another location is another colossal job. However not all was a loss. As we were doing this snooping we inspected some crown vetch we had planted as cuttings last summer and found that many of these cuttings took root while they were covered by snow and are now growing and prettily decked out with pink sweet pea type flowers, like they were in the bush. It

is a stunt like planting the crocus that we enjoyed so much this spring. We are indebted to Mrs. Norman Craig of Minden, wife of an erstwhile member of the Happy Gang, for digging those dainty plants off her property and bringing them to us to plant.

Our national anthem should now be changed to "Oh Socialist Canada" in place of "Oh Canada". Do you not think so?

A,H&M meets in May

a flat rate of \$75 to September 30, 1981 for water consumption.

Paul Wilson, O.L.S., was present regarding the survey which he was requested to perform on the Bobcaygeon Road at Lot 17, Concession A. He advised that considerable additional expense would be involved because the Bobcaygeon Road is one of the boundary roads which has not been retraced by the MNR. Council directed the clerk to

contact the MNR in Queen's Park for assistance.

G. Heywood presented council with a map showing a draft of the buffer area to be severed by Terrelac Properties Ltd. Council approved the severance proposed by Terrelac Properties Ltd. in Lot 17, 18, Concession 1, Township of Minden providing that any lots created are added to existing properties and separate lots are not created pursuant to condi-

tions imposed November 3, 1978.

The following accounts were approved for payment: general, \$93, 923.39; water, \$4,198.57; and sewer, \$15,545.52.

Office open

from page 10
from 12 noon to 1 p.m.

At last Wednesday's council meeting, Councillor Ed Pergolas asked clerk Elinor Burke if lunch hours could be re-scheduled to allow one staff member to be in the office at all times. Burke said it would not create any difficulty.

district chapters, Aileen Robertson, a gift from the past Matrons and Patrons and a family gift presented by Linda Conebeare Wood.

Rose Conebeare expressed her thanks and gratitude for the gifts and the friendships and happy visits made during her term of office.

HHSS students win at meet

from page 6
Midget boys was Scott Mitchell, who took first in pole vault. Barry Boice finished second in the 400 metre hurdles; Joe Lopresti was second in javelin; Rob McLeod was third in the 400 metre hurdles; and Lyle Coghlan was fourth in shot put, earning the right to advance to COSSA.

Mike Hatoski topped the Junior boys contingent with a first in the javelin and a fourth in long jump. Other qualifiers

were: Dave Bishop, with second in the triple jump; Scott Rae, third in the 300 metre and fourth in the 1500 metre; and Sean Harrison, who finished third in the 400 metre hurdles.

Tony Scheffee led the senior boys with a first place effort in the 400 metre hurdles, while Rennie Carson, (fourth in the 800 metre) and Casey Cox (fourth, shot put) also won a berth on the COSSA squad.

in the world. There is plenty of nourishment for the body as well as the soul. Thousands of tourists visit the beautiful beaches and are entertained by the native people. The Carnival of Colour was the highlight of the picture showing us the beautiful costumes and the magic of the isles.

Travelling Again was a story about a family who went

on a camping trip in the Rocky Mountains. The scenery in this film was breathtaking as they travelled to popular camping spots throughout Canada. Everyone thoroughly enjoyed both films.

Thursday afternoon the ladies of the Full Gospel Lighthouse, Haliburton, brought a delicious lunch for the tea party. They served an assortment of cookies and squares. Mrs. Kurtz enter-

tained everyone with her piano music after the lunch was served.

Friday afternoon, we went for a short bus trip to Big Hawk Lake. We visited the log chute which has been restored. It is quite an attraction and it was interesting to learn its history from some of our residents. We continued on to Big Hawk Marina where we treated

ourselves to an ice cream bar. Special thanks to Isabella Harrison, May Spence and Florence Robb for volunteering their help on the bus.

United Church conference held
